VOL. 53—NO. 276. JACKSONVILLE, ILLINOIS, SUNDAY MORNING, NOV. 16, 1919. EIGHTEEN PAGES—THREE CENTS

NATE ADOPTS O RESERVATIONS O PEACE TREATY

l Clamped Down on Debates by Cloture Rule.

NAL ACTION NEXT WEEK

WASHINGTON, Nov. 15.—mping down the lid on its ce treaty debate, the senate stituted action for discussion ay with a vigor that quickly anced the ratification fight in its final stages.

Working under cloture for the st time in history, the senate opted in five hours ten more of reservations written by the eign relations committee and th only two committee propos remaining, set the parliament stage for a decision or a deadk on the treaty early next ek.

Republican and Democratic aders worked together to inke cloture. On the count of 76 16 the two parties contributed out evenly.

The roll call over, the Republican managers took complete harge and swept everything beore them. Reservation after resvation went thru just as it came om the committee, until the emocrats apparently abandoned ope of making modifications and signed themselves to a passive esistance.

Majorities ranging from eleven 29, marked the adoption of the n reservations. They related to emocratic questions, the Monoe Doctrine, mandates, Shanung, international commissions, xpenses of the league of nations rmaments, economic boycott and lien property rights.

In every case except one the Republicans voted solidly for the committee proposals. They were oined on every roll call by from our to nine Democrats. In all n even dozen senators of the administration party broke away during the day to vote for reservations. The sole defection from he Republican ranks was on the Shantung reservation, Senator McCumber of North Dakota swinging over to the opposition.

Not the least significant of the day's developments, in the view of senators was a ruling by Vice President Marshall just preceding the cloture vote. He held that should the administration senators vote down ratification with reservations as they intended to do, they will have an opportunity ... er to get action on a compromise ratification resolution. To that decision Republican leaders took exception, serving notice that when the issue developed they would appeal to the senate itself to settle the question. A plain majority can overrule the presiding officer and the Republicans were asserting tonight that they still would hold the whip hand to preclude any second vote on ratification. They told their Democratic colleagues that if they voted against "qualified acceptance of the treaty," that the treaty would be dead.

Altho many reservations proposed by individual senators will come to a vote after the committee list is finished, leaders on both sides were confident tonight that the end of the treaty fight was a question of a few days. The cloture rule means that no senator can speak in all more than one hour between the time cloture was invoked today and disposal of the treaty. A flood of reservations and amendments poured into the presentation of which senators knew the door would be closed by cloture.

There were resolutions of ratifications, one by Republican Leader Lodge containing the committee reservation and two by Democratic Leader Hitchcock. The latter proposed, respectively ratification without reservations and ratification with the interpretative qualifications recently filed by the administration leader. So great was the rush in the final hour that the advisory ruling of the vice president, delivered so that senators might be fully advised of his intentions before voting on cloture, was crowded over past the time set for a roll call. Because the question was not put promptly Senator LaFollette, Republican, Wisconsin, interrupted Mr. Marshall with a point of order and more time was lost while the senate was sustaining 62 to 30 the right of the vice president to state his views.

Mr. Marshall held that the right of the senate to advise consent to treaties in any form it desired was too vital to be handicapped by a narrow construction of rules. If a majority wanted a vote on a second resolution of ratification after one had been defeated, he said the chair would hold that it could do so.

ORCHESTRA FOUNDER DEAD

Boston, Mass., Nov. 15.—The death of Major Henry L. Higginson, banker and founder of the Boston Symphony Orchestra kas announced today. He died at the Massachusetts general hospital last night, after an operation. Had he lived until next Tuesday, he woud have been 85 years old.

LONDONERS HONOR U. S. AMBASSADOR TO GREAT BRITAIN

Dinner Given American and Wife—Five Hundred in Attendance.

LONDON, Nov. 15.—Five hundred representative British subjects and Americans assembled tonight at the armistice dinner of the English speaking union to the American Ambassador, John W. Davis and Mrs. Davis, which was held to promote the society's object "to draw together in bond of comradeship the English speaking peoples of the world."

The affair has been postponed from armistice day.

Lord Reading, former ambassador at Washington, presided and presented to Ambassador Davis an illuminated address to the people of the United States.

A cablegram was sent to President Wilson expresing earnest wishes for his complete and speedy recovery. An enthusiastic reception was accorded a message of greeting from Former President Taft.

In his speech, Ambassador Davis referred to British hospitality extended to the American troops and the ties of friendship thus engendered, and added:

"If the time which has elapsed since the armistice has been a time of great fruition it must be admitted also that it has had its days of disillusion. There have been moments when we have looked about and wondered what has become of all the spirit of altruistic sacrifice that moved individuals and nations when the war was on.

"Perhaps it is not surprising when the tension is released that human nature will spring back into less heroic groups. But we never forget that the deepest emotions are not always those that lie on the surface.

"It was the sense of common danger, as well as the common view of right and justice that fused our energies into one with those of the allies. Who can say that all the peril lies behind us? Of this only I am sure, that if the storm clouds re-gather, the mutual sacrifice and—I dare the statement mutual gratitude with which Great Britain and America emerged from this war will oin them in the cause of right and justice."

In accepting the illuminated address the ambassador said:

"I value it and am grateful for the opportunity to transmit it to the people of America, no music he wit of man can devise could be so sweet to America's ears as his praise of her soldier sons, and from no nation on earth would she more gladly receive it than from Britain, for she knows the British standard of soldier and man."

Both Lord Reading and Ambassador Davis referred to the visit of the Prince of Wales to the United States.

PRINCE OF WALES ENJOYING REST

WHITE SULPHUR SPRINGS, W. Va., Nov. 15.—The Prince of Wales spent the first of his three days of rest here by walking ten miles, spending an hour in a swimming pool, golfing three hours and dancing for three more. At the conclusion of this program he seemed to have recovered considerably from the fatigue of his strenuous four day visit to Washington. The prince won his golfing match, played with Sir Godfrey Thomas, his private secretary and again proved his title as an athlete when he turned a somersault from a platform 12 feet into seven feet of water in the swimming pool.

The desire of the royal visitor for three days rest incognito was only fulfilled partially. The whole population of this little mountain resort was at the railroad station when the special train arrived. At the Mammoth Hotel where the prince was lodged in the same suite occupied by President Wilson on his honeymoon there were scarcely 100 guests, and thruout the day the prince was able to move about with the freedom of a private individual.

A. D. BURBANK TAKES OWN LIFE

SPRINGFIELD, Ill., Nov. 15.—A. D. Burbank, former legislative chairman for railroad brotherhoods in Illinois, took his life by drowning here early today.

No motive could be assigned by his family except that he had been in ill health. The body was found in a park reservoir after it was discovered that Mr. Burbank had left his bed some time in the course of the early morning.

Until recently Mr. Burbank had served as superintendent of the Springfield branch of the Illinois free employment bureau. He resigned to go into business.

BREAKS SIX MILE CROSS COUNTRY RECORD

Easton, Pa., Nov. 15.—Robert Crawford of LaFayette, broke the six mile course record here in winning the middle Atlantic intercollegiate cross country championship today in 32 minutes and 21 seconds.

NAMES BROWN'S SUCCESSOR

Washington, Nov. 15.—Thomas J. Spellacy of Hartford, Conn., was nominated today by President Wilson to be assistant attorney general, vice assistant Attorney General Brown, resigned.

DIRECTOR HINES OFFERS RAILROAD MEN INCREASE

Four Brotherhoods Take Proposal Under Advisement.

ANSWER IN TEN DAYS

WASHINGTON, Nov. 15. — Director General Hines today submitted to the members of the four railway brotherhoods an increased wage scale, amounting approximately to three million dollars a month.

The proposal was taken under advisement. It was not what the men had asked for but their answer will be presented to the director general within the next ten days and it was considered likely they would accept. The increase would affect trainmen, firemen, engineers and conductors but more particularly those employed in the slow freight train service.

There are many other questions affecting working conditions of trainmen which have not been decided and to which no reference has been made by Mr. Hines in public statements. These will be the basis for further conference between the brotherhood heads and members of the director general's staff.

Mr. Hines said tonight that "in order to give an additional measure of compensation to the train service employes in the slow freight service, time and one-half will be paid for time required to make runs in excess of what would be required in an average speed of 12 1-2 miles per hour were maintained provided, however, that all arbitrates and special allowances now paid in various forms of freight train service are eliminated for the railroads as a whole.

"This proposal," he said, "bears on the most important matter under consideration." While the policy of the railroad administration to await results of the campaign against the high cost of living before considering general increases for railroad labor remains unchanged Mr. Hines said correction of unjust inequalities" between various classes of workers would be corrected. The proposals made to the brotherhoods are for this purpose, Mr. Hines added, and to discharge 'obligations left on the railroad administration when congress was unwilling to establish a separate tribunal for the purpose. Explaining his reason for rejecting parts of the brotherhood demands, Mr. Hines said that full time and a half for overtime in road service was not justifiable, as a punitive measure, because as a rule, it is not economical to run heavy freight trains at a speed as great as would be necessary to avoid payment of the overtime sought.

POSTPONE FINAL ACTION ON ESCH BILL

WASHINGTON, Nov. 15.—Final action on the Esch railroad bill was postponed by the house today after failure of the senate to take a resolution on adjournment made it impossible for the house to adjourn until next week, even if the measure went thru tonight.

During debate, Representative Towner, Republican, Iowa, declared that possible defeat of the treaty in the senate would require that the house join in passage of a resolution declaring 'that the war is at an end."

"Under these circumstances," he said, "it is the supreme duty of house members to remain here." Chairman Esch of the interstate commerce committee, in charge of the railroad bill, announced that because of the senate situation the night session of the house would be discarded and work would be resumed on the bill Monday. House leaders were confident however that formal adjournment would be taken early next week.

WANT TWO YEARS MORE U. S. CONTROL OF R. R.

CHICAGO, Nov. 15.—The Public Ownership and the Plumb Plan League will cooperate in every way possible to obtain a two year extension of the present plan of federal control of railroads it was announced tonight after a joint meeting had been held between the executive committee of the public ownership league and the headquarters committee of the Plumb plan league. It was stated that the co-operation of all similar organizations to obtain this end would be sought.

WILL APPEAL DECISION OF JUDGE HAND

New York, Nov. 15.—Steps for an appeal to the United States supreme court from the decision of Judge Learned Hand in refusing to restrain enforcement of the Volstead prohibition act were taken by the law firm of Elihu Root, counsel of Jacob Ruppert, a brewer.

Emory R. Buckner, who is associated with Mr. Root expressed hope of a decision in two weeks.

GERMANY TRYING TO FIX BLAME FOR STARTING GREAT WAR

Note of Secretary Lansing Discussed by Assembly Committee.

BERLIN, Friday, Nov. 14.—(By The Associated Press.)—The sub-committee of the national assembly investigating the responsibility of the war today discussed the note of Secretary of State Lansing which was alleged to have proposed that if the German submarines would confine themselves to cruiser warfare, merchant ships would no longer be armed.

Dr. Karl Helfferich, former vice chancellor, declared that if these propositions had been carried out the result would have been the concluding of peace in 1916, and in consequence the note of Secretary Lansing would have had a decisive effect on the war and perhaps an historic significance.

Count von Bernstorff interrupted Dr. Helfferich in the course of the latter's discussion of American neutrality.

The question of peace was not disposed of definitely with President Wilson's personal attitude, said Count von Bernstorff, because his election had given him mandatory notification that peace was expected of him and that he was to restore peace as that was virtually the platform upon which he was elected.

"We were not confronted by an individual unworthy of our confidence," said the ambassador, "but by the emphatic views of the American people. We, therefore, were not concerned with the question of whether President Wilson was reliable but with the fact that the American people had given expression to their desire."

Dr. Helfferich summed up his carefully prepared detailed statement of the submarine campaign with the remark:

"The U-boat weapon failed because it was put out of commission within." It was hoped to make it decisive he said before the United States was able to participate actively in the war.

ASKS COUNCIL TO CONSIDER FINDING

PARIS, Nov. 15.—(By The Associated Press.)—"I have asked the supreme council to consider that the finding contained in the report on Symrna by the committee of investigation be considered null and void and that another investigation be conducted," Elintherios Venizelos, the Greek premier informer The Associated Press today. Smarting under the interpretation of the supreme council's letter to him on Wednesday last which the press generally has commented upon as a rebuke to the Greeks the premier said that the letter was far from a rebuke. Shorn of its diplomatic language itw as virtually approbation of the reservations taken by him against the commission's finding.

M. Venizelos based his request upon the fact that Greeks were not represented on the commission, that no Greek officer was present during the deliberations of the commission and that the Greeks were not allowed to present evidence in rebuttal or cross-examine witnesses.

EX-SERVICE MEN AND I.W. W. CLASH

TACOMA, Wash., Nov. 15.—A posse of ex-service men and Industrial Workers of the World clashed tonight in Hannaford Valley, about twelve miles northwest of Centralia, and the posse was routed, a telephone message to the Ledger from Centralia stated at 10:15 tonight.

John Hanney, Thurston county game warden, is missing and is believed to have been killed.

A new posse is forming at Centralia and will return to the valley tonight.

AMERICAN RETURNS FROM VISIT WITH GEN. DENIKINE

Constantinople, Friday, Nov. 7. —H. H. Day, president of the American foreign trade corporation has returned from a visit to General Denikine, the anti-Bolshevik leader in South Russia, who appointed him his American representative. Mr. Day reports that there is plenty of food in South Russia for which the British, French and talians are trading munitions and clothing.

FINED 300 MARKS FOR REFUSING TO ANSWER QUESTION

Berlin, Nov. 15.—(By the Associated Press).—Dr. Karl Helfferich, the former German vice-chancellor appearing as a witness again today at the inquisy of the sub-committee of the national assembly, was fined three hundred marks for refusing to answer a question.

A question was submitted by Deputy Cohen. Dr. Helfferich said he had never answered a direct question from Cohen and did not intend to in the future.

NAMED COMMISSIONER OF PUBLIC DEBT

Washington, Nov. 15.—The appointment of William S. Broughton of Illinois, as commissioner of the public debt, a new position was created today in the treasury department.

LINCOLN'S "CHAUFFER" DEAD

Carmi, Ill., Nov. 15.—Thomas S. Ary died today, aged 83 years. He drove Abraham Lincoln from here to Shawneetown when Lincoln was making the senatorial race.

RADICALS PLANNED CENTRALIA SHOOTING WEEKS IN ADVANCE

According to Confession of One of I. W. W. in Cutody.

CENTRALIA, Wash., Nov. 15. —(By The Associated Press.)—Industrial Workers of the World planned the Centralia shooting three weeks before Armistice Day according to an alleged confession made by L. Roberts confessed I. W. W., who surrendered himself to the officers following Tuesday's shooting in which bullets from the guns of the radicals killed four former American soldiers marching in the holiday parade.

The confession said that the I. W. W. expected their hall would be attacked on armistice day and that all the radicals who took part in the shooting expected to be killed. According to Roberts' statement, E. Wesley Everetts, the lynched I. W. W. apparently directed the movements of the radicals as he sent Roberts and two others to Seminary Hill near the scene of the shooting with orders "to shoot when they shoot or when we heard shooting."

SECRETARY GLASS SUCCEEDS LATE SENATOR MARTIN

Head of Treasury Named by Virginia Governor Saturday.

RICHMOND, Va., Nov. 15. — Appointment of Secretary Glass to the United States Senate to succeed the late Thomas S. Martin, and the acceptance of Mr. Glass, were announced tonight by LeRoy Hodges, aide of Governor Davis.

It is understood that Secretary Glass will accept the appointment which would give him his seat until the next election if it is convenient for him to leave the cabinet at this time.

Senator Martin had just been re-elected and his term does not expire until 1925.

Mr. Glass was a member of congress before taking the treasury port folio and as chairman of the house banking committee took a leading part in framing and passing the federal reserve law.

"REDS" ENLISTING WHITE COLLAR MEN

NEW YORK, Nov. 15. — The Bolsheviki are enlisting the "white collar" men who have been discharged from the army and haven't found a job, according to Alfred E. Smith, executive secretary of the re-employment committee of New York. He made this assertion tonight in 50,000 letters to business firms and factories asking them to employe as many of the service men as possible by Thanksgiving Day.

"If a man never graduated from a public school we do not have very much trouble getting him some kind of a job," he said. "But there are a number of well educated, refined young men who held down positions requiring brains, knowledge and technical training who have not been placed.

"Major Warren Bigelow, director of the re-employment bureau, informs our committee that there is an alarming increase in radical tendencies on the part of former soldiers who have tried unsuccessfully for months to obtain permanent positions, suitable to their experience and ability."

RUSSIAN SOVIET LEADER ARRESTED

NEW YORK, Nov. 15.—After he had been arrested for contempt in refusing to appear with certain documents before the joint legislative committee investigating radical activities in this state, Ludwig C. A. K. Martens, self-styled ambassador to the United States from the soviet government of Russia, was arraigned before the committee today and released in $1,000 bail upon a promise to appear Monday with his papers.

Martens was arrested at the soviet "embassy" in West 40th street after he had written a letter to the committee declining to obey a summons to appear before it at 10:30 o'clock this morning. He based his refusal on the ground that he was an ambassador from the soviet government and that all communications between himself and his government were entitled to diplomatic immunity.

$2,500 REWARD FOR PRISONERS

Sioux City, Ia., Nov. 15.—Citizens of LeMars, Ia., today raised $2,500 reward for the capture "dead or alive" of the five prisoners who escaped from the Le Mars county jail last night after one of their number shot and wounded Sheriff Hugh Maxwell and his son William.

LOST STEAMER MAKES PORT

Duluth, Minn., Nov. 15.—The Steamer Griffin, reported missing yesterday as the result of the storm on Lake Superior arrived at Potage Lake, Michigan, tonight, according to word received here late tonight. Fears for the safety of the Steamer Odanah were expressed tonight when that steamer was reported four days overdue.

FEDERAL LAWS TO WEAK TO COPE WITH RADICALS

Declares Palmer In Reply to Senate Inquiry.

60,000 UNDER SURVEILLANCE

WASHINGTON, Nov. 15.—The growth of radicalism thruout the country was to be attributed to inadequacy of federal laws against preaching violent overthrow of the government, Attorney General Palmer declared tonight in replying to the senate's recent inquiry as to what action had been taken by the department of justic to curb efforts to establish a "dictatorship of the proletariat."

Mr. Palmer disclosed that the department has more than 60,000 persons under surveillance as radicals with whom it is unable to cope because of weakness of present statutes.

The attorney general urged the passage of a law to supplement the espionage act and to take its place when the war time measure ceases to be effective. He described the proposed act as being the most effective method of dealing with sedition, anarchy and radicalism generally which members of his staff had been able to draft. Mr. Palmer said the bill was broad enough to stop effectually all attempts to overturn the existing order and yet safeguarded free speech and the press.

Activities of the foreign language press present another problem which the department has been unable to meet successfully, Mr. Palmer said. Investigations have uncovered 222 foreign language newspapers which have openly advocated changes in the governmental system by violence and preached sedition.

English newspapers branded as anarchistic and menacing by the department's agents number 150, Mr. Palmer said. He explained that unless these were more easily dealt with as loyal citizens are aiding the government in reporting them.

DECLINE ALLIANCE WITH UNION LABOR

CEDAR RAPIDS, Mich., Nov. 15. — Thru their representatives six hundred thousand American farmers and farmers' wives today declined an alliance with union labor. By an overwhelming vote the national grange, in annual convention here, adopted in reply to an invitation extended by Samuel Gompers for a conference in Washington, the following resolution:

"The National Grange declines your invitation for a conference in Washington Dec. 13."

The Gompers letter had been referred to the committee on good of the order and after three days discussion that body today reported the reply making nearly one thousand words. At once debate began. Members declared that attendance at any such conference was fraught with peril to the grange. Few voices were heard in support of the invitation and these were from western members.

RED X XMAS SEAL CAMPAIGN DEC. 5-6-7

WASHINGTON, Nov. 15. — Schools, churches and synagogues throughout the United States were asked today by Surgeon General Blue to co-operate with the public health service in the sale of Red Cross Christmas seals on December 5, 6 and 7.

The proclamation said: "Over 150,000 Americans die annually from tuberculosis, an appalling waste of life when we consider that tuberculosis is classed as a preventable disease. Moreover because this loss of life takes its toll almost entirely from the ranks of the young adult population health authorities the world over have come to consider the control of tuberculosis as still the most pressing problem confronting them."

MINERS RETURN TO MINES FOR PAY ONLY

SPRINGFIELD, Ill., Nov. 15.—Thousands of Illinois soft coal miners reported at the mines today, but they went for their pay, covering two weeks ending Nov. 1, and not to work.

Entering upon the third week of their strike to force higher wages and shorter hours, the mine workers gave evidence of a determination to remain idle until an agreement is formulated at Washington, D. C.

There were no developments in the Illinois strike situation today, leaders said.

MOONSHINERS ARRESTED

Louisville, Ky., Nov. 15.—Twelve alleged "moonshiners" were arrested and several large illicit stills were destroyed yesterday by revenue officers operating in the mountains of Laurel and Letcher counties in southeastern Kentucky, according to a report received here today.

OFFICIALS SEEKING REPORTED VIOLATORS OF U. S. INJUNCTION

Conspirators Reducing Coal Production Will Be Prosecuted.

INDIANAPOLIS, Ind., Nov. 15. —Evidence of reported violations of the temporary injunction issued by Judge A. B. Anderson of the United States district court against any conspiracy to reduce the production of coal is being gathered by agents of the United States government which brought the injunction suit, it was learned this afternoon.

Leaders of the United Mine Workers of America made defendants in the complaint filed by the government are reported to have attended meetings where resolutions were adopted by the men not to return to work. It is said that arrests are not improbable in a day or two on charges of contempt of court.

Petitions also are being circulated among the miners for signatures to a statement not to return to work according to the information received by the court.

It is a violation of the injunction for two or more miners to agree not to return to the shafts because that would constitute a conspiracy to violate the Lever act, a war time measure designed to prevent a reduction in the output of fuel or food. The granting of the injunction was based on alleged violation of the Lever act.

Probability of arrests in connection with the government's injunction proceedings against the United Mine Workers of America and the issuance of drastic orders by the Indiana public service commission of the curtailment of fuel consumption in the state were the outstanding features in the coal situation today.

It was learned that federal agents are gathering evidence of reported violation of the injunction with a view to preferring charges of contempt of court against members of the United Mine Workers of America.

According to information received by these agents, meetings have been held in different sections of the country at which the miners voted not to return to work even tho the strike order had been rescinded by international officers of the union. This action it was pointed out, constitutes a violation of the Lever law, for, as interpreted by Federal Judge A. B. Anderson, any two miners who agreed not to return to work would be guilty of conspiracy to limit the production of fuel. It also was reported that some of the leaders against whom the injunction was specifically directed had attended the meetings.

It also has been reported that petitions have been circulated among the miners for signatures to a statement agreeing not to obey the order rescinding the strike. This, it was stated would constitute an express violation of the injunction, intended to prevent any action to encourage the strike.

The public service commissions order was supplemental to one issued November 6, which provided that all public utilities which had less than two weeks' supply of coal should discontinue service for street lighting, electric signs, show window illumination and other non-essential uses of electricity, gas or water. The new order which is effective tomorrow covers all cities in the state.

PLAN NATIONWIDE DRY CELEBRATION

ST. LOUIS, Mo., Nov. 15.—Plans for a nationwide "victory celebration" when constitutional prohibition goes into effect next January were authorized here today at the forty fifth annual convention of the National Woman's Christian Temperance Union. Official authority for the carrying out of the plans was given in the adoption of the report of the committee on law enforcement.

The celebration program will start on Sunday, January 11, 1920, with special temperance services in churches thruout the country January 16, will be ushered in with the ringing of church bells and the singing of the doxology by all W. C. T. U. members.

Friday, January 16 will be set aside as a day of prayer.

With the exception of adopting the report of the law enforcement committee and hearing the address of the president, Miss Anna A. Gordon, of Evanston, Ill., the convention confined itself today to organizing and hearing the reports of its officers.

NO WORD FROM MISSING SHIP

Sault Ste Marie, Mich. Nov. 15. —As the hours passed without word from the lake steamer John Owen, marine men here clung to the hope today that the ore carrier had put into one of the numerous harbors between the Soo and Keweenaw Point and out-ridden the storm that for three days has lashed Lake Superior into a sea of mountainous waves, accompanied by a blinding snow storm.

The Owen carried a crew of twenty and was last sighted Wednesday.

PRESIDENT'S IMPROVEMENT SAID TO BE REMARKABLE

Washington, Nov. 15.—President Wilson in the last two weeks, has made "remarkable improvement" Dr. Francis X. Dercum of Philadelphia told Dr. Grayson today after paying his weekly visit to the white house.

Some executive business was brought before the president today.

OPERATORS AND MINERS FAIL TO REACH AGREEMENT

Proposal by Secretary Wilson Rejected by Mine Owners.

ANOTHER PLAN TAKEN UP

WASHINGTON, Nov. 15—Coal miners and operators' meeting here today could not unite upon the proposal of Secretary Wilson to negotiate a nationwide agreement, but did unite upon a plan to negotiate an agreement covering the mines in the central competitive field of western Pennsylvania, Indiana, Ohio and Illinois.

Meanwhile the mine owners of the outlying field, went into a separate conference to determine how far the central territory's scale agreement, if negotiated, would serve as a basis for agreements in their respective fields.

The division came after a stormy morning, of the joint session of the operators and miners' representatives called by Secretary Wilson in which John L. Lewis, acting president of the mine workers exchanged charges of bad faith with several spokesmen for the operators. F. W. Lukins speaking for the operators, in outlying fields, presented their refusal to comply with Secretary Wilson's proposal for a national agreement, on the ground that its negotiation would take time that could not be granted in view of the need for coal. President Lewis, having accepted Mr. Wilson's plan, scored the operators for refusal.

Secretary Wilson then advanced an alternative suggestion for a wage scale negotiation in the central fields, which finally was accepted, tho President Lewis again arraigned operators in certain fields for violations of law and demanded governmental action against them.

Representatives of miners in the outlying fields contended they were entitled to a representation in any negotiations regarding the central field since this would be used inevitably as a basis for their contracts and the operators at Secretary Wilson's request agreed to consider a possible course and the joint conference broke up.

At the wage scale committee conference with the operators the miners' leaders presented again their demands made originally at the Buffalo conference consisting of a sixty per cent increase in wages, a five day week and a six hour day. The operators then decided to confer among themselves and the conference adjourned until Monday.

Operators in outlying districts, meeting separately after the conference adjourned declined to make a definite answer to the question asked by Mr. Lewis as to whether the central competitive field agreement would apply in basic form to other districts the answer was withheld until the views of other operators not in Washington can be learned.

Secretary Wilson joined in the meeting that they stood willing to erators.

Operators from the Western Kentucky district stated at the meeting that the stood willing to accept the wage scale agreed to by the central competitive field as a basis. Central Kentucky mine owners announced their willingness to begin new negotiations with the workers in their own district.

CONVICT ESCAPES

Jefferson City, Mo., Nov. 15.—One convict escaped from the state penitentiary here this morning and another fell off a thirty foot wall and broke his back in an attempt to escape, while three prison guards rained a fusilade of revolver shots at both. Ira Perry of Kansas City, Bo., serving a two year term, got away Harry Funk, a bank robber from Audrain county, fell from the wall.

BANK CLEARINGS

New York, Nov. 15.—The actual condition of clearing house banks and trust companies for the week shows that they hold $47,110,050 reserve in excess of legal requirements. This is a decrease of $49,182,200 from last week.

WEATHER INDICATIONS AND TEMPERATURE

Illinois: Fair with rising temperature Sunday and Monday Tuesday probably fair with moderate temperature.

Temperatures

The current, maximum and minimum temperatures as recorded Saturday were:

Jacksonville, Ill.	43	50	2
Boston	36	44	3
Buffalo	36	36	
New York	38	42

STATE CONSTABULARY WOULD HELP.

The bank at Pearl City was robbed one night recently and that is but one of a series of such robberies all thru the state. These depredations and some others of a similar kind have shown that the state constabulary bill which was defeated at the last general assembly was really a good measure. It doesn't follow that there would have been no such robberies if the constabulary forces were in the service, but such a force would undoubtedly have given added protection to rural and village communities.

GOVERNMENT PRESSURE WILL HASTEN SETTLEMENT

The comparatively mild weather of recent days has lessened the stress of the coal strike. Besides, most people take an optimistic view of the situation and believe that a settlement between the miners and the operators is not far away. This sanguine feeling is quite largely due to the fact that the government is taking such an active part in the proceedings and strong pressure is being brought from all sides to hurry up a settlement in the interest of the public.

OPPOSE ANTI-STRIKE PROVISION.

The labor forces at Washington have shown their strength by the easy defeat of the anti-strike provision in the Cummins bill and the support of the Esch railroad bill which provides for settlement of railroad disputes thru arbitration. The lower house gives strong evidence that it will not concur with the senate in anti-strike legislation.

Talking about dealing with radicals the Chicago Daily News says that "riotous radicals cannot be quelled by court quoting Van Dyke mottoes to them." All patriotic Americans approve a rigorous course in dealing with enemies of society.

MR. HUGHES SAYS INDUSTRIAL JUSTICE MUST COME.

Charles E. Hughes, formerly member of the supreme court and Republican nominee for the presidency in 1916, is counted one of the most judicious and fair-minded men in public life. He has just declared that the U. S is still pioneering in its efforts to provide industrial justice, and that if labor disturbances are to cease that some means must be found for affording that justice. He said:

"The time is at hand, when we must furnish suitable machinery for industrial justice, at least so far as those vital enterprises are concerned upon which our life depends. The processes of justice imply that the parties to the dispute cannot take the law into their own hands and sacrifice the peace and well-being of the community to their contentions.

"With the apostles of violence silenced, the schemes of inciters to disorder and revolution frustrated, law and order preserved, with an inflexible demand for loyalty on the part of public servants, with provision for the peaceful and just settlement of industrial disputes, thus making possible effective measures against interruption of essential services to the community, we should go far towards making class rule impossible.

"We have made little progress in providing the machinery for industrial justice, and in this respect we are still uncivilized We are still at the stage corresponding to that of trial by battle and trial by ordeal in the early law of procedure. But we cannot go on indefinitely in this way. What is absolutely necessary, as I have pointed out in the case of the basic industries upon which the community's life depends, is clearly advisable thruout the field of industrial activity—altho when the vital interest of the community is not involved, the plan should not go further than to facilitate and enforce agreements."

THEIR NAME IS LEGION

A St. Louis attorney is so radical that he believes that profiteers should be lined up against the well and shot, because, he declares, they are worse than slackers in war time. If all profiteers in all lines were thus dealt with the casket factories would be compelled to run overtime.

FIND MODERATE COURSE BEST

A world council of women after long debate defeated the resolution urging a law to prohibit the sale of tobacco to all minors. The chances are that many women voted against the measure who believe that smoking is unhealthy for growing boys. They nevertheless had the wisdom to realize that this matter of prohibitory measures can be overdone. If there is too much interference with so-called personal liberty, reaction may set in and defeat legislation which deals with evils that everybody recognizes.

WORTHY OF THEIR HIRE.

Methodist ministers sometimes find fault with the system of their church which results in so much changing about in the matter of appointments. Just now they are feeling very complacent over the announcement of the Centenary board that in view of increased living costs the salaries of ministers are to be raised 40 per cent. This does not apply to the men of the clergy who have already been granted increased equivalent to this percentage by their own church people. The increases are deserved.

PREACH ECONOMY BUT WHO HEEDS?

Sherwood Eddy recently returned from a world trip of investigation for the Y. M. C. A. and recently told a group of Chicago business men of needs and the chaotic conditions in most of the countries he visited. James B. Simpson of Marshall Field & Co., has just made a statement about business conditions in overseas countries and after his study of world conditions declares that nothing can help settle conditions and insure against trouble later on save economy on the part of the American people.

Thrift societies were organized months ago and the government has had continued campaigns to urge habits of saving. Yet with all this advice, the era of spending continues. True, many more people than ever have savings accounts but there are very few instances where these accounts could not be larger if the depositors were willing to practice the economy—the self-denial—that so many individuals and agencies urge as really necessary measured by the future as well as the present.

THE LIQUOR LEGISLATION NMUDDLE

A great many dry advocates are worrying over conflicting court decisions with reference to liquor sales. Some of those who worry do not realize that the litigation refers to the war-time enforcement act and not to the federal provision amendment which becomes effective in January. The wet forces will seek to set aside that amendment and will die hard, but the chances of rendering the action on the amendment null and void are slight indeed.

There are many fair-minded people in the dry forces who do not hesitate to say that they believe the enforcement of wartime prohibition now is not fair and that it contradicts the provisions of the federal amendment proposal which gave to liquor dealers a year for the disposal of their stocks.

Rippling Rhymes
By Walt Mason

On this broad continent somewhere, the warmth of spring is in the air, and doodads are in bloom; but where I live the winds are bleak, and drearily the heavens leak, and all is wrapped in gloom. Somewhere the skies are blue and bright, and mocking birds sit up all night to sing their sweet refrain; but here the north wind has an edge that pierces like an iron wedge, and frost is on the plain. And there will be long months of snow, and many weary storms will blow, before we see the spring, before that season we behold when blossoms bright adorn the world and umpty-doodles sing. And so, distressed, up on a time, I heave a sigh for some bright clime where skies are always bright, till I reflect, "In such a land the pesky flies are never canned and chiggers always bite!" If I am prone to grumbling here, I'd be distraught where skies are clear, and balmy breezes blow; I'd grow accustomed to the sights, to perfect days and scented nights, and dig up some cheap woe.

ILLINOIS COLLEGE NOTES

Mrs. Laura McDonald spoke to the students at the chapel exercises Tuesday morning. She gave a very interesting account of her experiences as a canteen worker of the Y. M. C. A. in France. Her description of the inspection of the hut in which she was working by General Pershing proved of special interest to the audience. Miss McDonald spoke of the piercing eyes of the general which could detect dust in every corner. Miss McDonald is a graduate from the Jacksonville Female Academy before the school was merged with Illinois College.

President Rammelkamp, during his recent visit to Quincy made an address to the students of the Quincy High School.

Mr. Roy Z. McKown, '06, has been selected as acting president of the Alumni Association of Springfield. This action was made necessary since both the president and secretary of that organization have left Springfield.

Mrs. H. B. Andrew of Salem, was a visitor on the campus Friday. She came to visit her son Ramsey, and to attend the football game between Monmouth and Illinois.

The great game which the Illinois team played against Monmouth on Friday ought to assure alumni and friends that a good contest will be staged at Decatur next Saturday. Undoubtedly it will be a close contest and the presence of a good crowd of rooters from Jacksonville may be a deciding factor in the game. The football management has practically completed arrangements for a special train, and it is hoped that many more will decide to accompany the team. Reservations for the special may be left at Lane's Book Store.

The Reverend E. L. Pletcher gave a most interesting and forceful address to the students at the regular chapel exercises Thursday morning.

In order to accommodate certain alumnae members, the Gamma Delta literary society held its regular meeting Friday evening instead of Friday afternoon.

Miss Meade, a daughter of one of the former trustees of Illinois College, and who is now a missionary in Peking, China, spoke to the students at the chapel hour Friday morning.

NOTICE

All members of the Caritas Rebekah lodge are requested to meet at Mrs. Tandy's home in the Cherry apartments this afternoon at 1:15 o'clock for the purpose of attending the funeral of Sister Amelia Warner.

Anna G. Rabjohns,
Noble Grand.

Walter Huston from west of the city was a visitor here yesterday.

TO INSTALL K. C. OFFICERS AT CARROLLTON

John J. Ferry, district deputy, and J. E. Forgarty, district warden, Knights of Columbus, will go to Carollton today to conduct the ceremonies at the installation of officers of the Carrollton council. About six months ago the counwas organized by Jacksonville men and is in a very flourishing condition.

Stated meeting of Harmony Lodge, No. 3, A. F. & A. M. Monday evening. W O R K. Visiting brethren welcome.
F. W. Bristow, W. M.

Geraldine Farrar
—in—
The World and Its Woman

For the first time in her career Geraldine Farrar appears with her husband, Lou Tellegen. For the first time in her career Geraldine Farrar is backed by a super-production that is already astonishing moving picture goers throughout the country.

The upheaval of royalty and how it affected each human heart was never so realistically depicted as in this gigantic Geraldine Farrar picture—a picture that will rank with the greatest you have ever seen. It is another triumph for "America's most talked of woman"—a photoplay that will hold your interest until "The End" flashes on the screen.

Also a Persons Comedy

MONDAY and TUESDAY
Death Defied a Dozen Times
HOUDINI
—in—
'The Grim Game'

Houdini never fakes. He has gained his remarkable hold on the public mind because it is known that the dangers he faces are dangers that often threaten life.

"The Grim Game" is not only the most astonishing of all photoplays in the matters of thrills and excitement, but it is a powerful, well-constructed mystery drama of compelling heart interest.

You will never have a greater sensation than when the aeroplanes clash, an accident reported by the Associated Press, both planes collided and actually crashed, with their occupants, 3,000 feet to earth. And the camera caught it all!

Houdini and the Famous Players-Lasky Corporation offer a reward of $1,000 to any person who can prove that this collision and fall were not genuine.

This picture amazed the crowds that packed the Broadway theater during its run in New York.

See Houdini escape from handcuffs, chains and a prison cell!

See him dive between the wheels of a speeding motor-truck and foil his pursuers!

See him climb the side of a prison and crawl for a rope to the end of a flagpole swaying far from earth!

See him, on the brink of a gorge, fight a terrifying battle with his foes.

See him leap from the roof of a skyscraper and release himself from a straight-jacket while hanging downward on a rope! See him risk his life in a deadly bear-trap and set himself free! See him in all the other amazing scenes in this stirring story of love, mystery and dare-devil adventure!

SEE above everything else, the most astounding feat ever caught by a motion picture camera—two aeroplanes race through the sky—the hero is lowered from one to the other—just as he boards his enemy's car the machines clash in an accident, turn over and over ,and plunge to the ground thousands of feet beneath! An accident absolutely authentic and reported by the Associated Press.

Lighting Problem Solved

For the factory and the store, for offices and public buildings, and even for some rooms in the home, Mazda C lamps are money-savers.

Mazda Daylight lamps, as the name implies, make possible daytime lighting effects after dark. The color and quality of light from these lamps approaches afternoon sun-light. In the store window they give added life to any display of merchandise. Inside the store colorful wares lose nothing of their daytime appearance. The color quality of Mazda Daylight lamps, known also as Mazda C-2 lamps, renders them especially valuable to dry good stores, clothiers, jewelers,tobacconists, milliners, artists, surgeons and dentists.

All Mazda C and Mazda Daylight lamps up to and including 200 watt sizes fit ordinary lighting sockets.

RECORDS BROKEN IN BILLIARD MATCH

CLEVELAND, Ohio, Nov. 15.—Two worlds' records at three cushion billiards were broken here today by Tiff Denton, of Kansas City, Denton scoring fifty points in thirty innings in his match with Byron Gilette, of Buffalo, in the three cushion billiard championship tournament breaking the previous record of 36 innings. Gilette scored 23 points.

Denton also broke the world's high run record for match or tournament games by scoring 17 points in one inning. Denton's run was within one point of the highest three cushion run ever scored, 18 points made by Pierre Maupome in an exhibition game. This is the first tournament Denton ever played in.

In the second game of today's program, Hugh Heal, of Toledo, won from Clarence Jackson of Detroit, 50-23 in 47 innings.

In tonight's play Charles Otis of Brooklyn won from Pierre Maupome, of Milwaukee, 50 to 45 in sixty innings. Maupome had a high run of 9 and Otis' best inning was an eight.

In the second game tonight Otto Reiselt of Chicago beat Jess Lean of Cincinnati 50 to 42 in 61 innings.

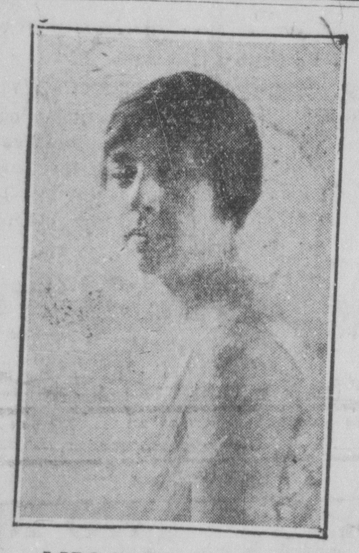

REAL "INSIDE" INFORMATION

When Constipated, Bilious, Headachy, Take "Cascarets" for Liver and Bowels—No "Shake Up"

Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely whipping them into action every few days with Salts, Cathartic Pils, Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets, gently cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the colon and bowels all the constipated waste matter and poisons so you can straighten up.

Cascarets tonight will make you feel great by morning. They work while you sleep—never gripe, sicken, or cause any inconvenience, they cost so little too.

Boys, Bring in Your Army Overcoats to be Remodeled and Dyed

—If you have any doubts about how your coat will look after we get through with it, come in and look at those we already have finished.

—You'll say they're about the niftiest article in Overcoats seen on the streets this fall.

—Brown or black are the colors.

—For the collars we are using Astrakan or fur, and this, of course, adds greatly to the coat's general appearance.

—We remodel to suit the individual taste, even putting in the regular satin lining.

The cost is not excessive at all, and when finished you have a coat that $75 couldn't buy.

Deaths

Sturgis

Word reached Jacksonville yesterday of the death of Mrs. Sturgis, which occurred at Middleton Ill., Saturday morning. Mrs. Sturgis was the mother of Mrs. P. G Stein of 230 Caldwell St. A message telling of the serious condition of Mrs. Sturgis reached Mrs Stein Friday and she left at once for Middleton. Plans for the funeral have not yet been announced.

Rapsilber

Particulars were received yesterday regarding the death of Mrs. Frank Rapsilber, which occurred at Golconda, Ill., Nov. 8th. Mrs. Rapsilber committed suicide during the absence of her husband from home. He was near the house, however, and heard the report of the revolver and returned immediately finding his wife in a dying condition. She left a note exonerating him of any blame for her act. Deceased leaves a son, Frank, Jr., her husband, and relatives in this city. She was 26 years of age.

Mrs. Rapsilber will be remembered by many people in Jacksonville as her husband was formerly employed here at Heinl's green house.

FANCY BAZAAR

SAYS IT KEPT HIM ON THE PAY ROLL

G. C. James Was Remarkably Built Up After Taking Tanlac.

"Nothing else in the world kept me on the pay roll of the Illinois Meter Co., but Tanlac for I had already made arrangements to give up my position when I began taking it," said G. C. James, who lives at 1419 Franklin Ave., Springfield, Ill.

"I had suffered for over fifteen years," continued Mr. James "and my health had reached a low state. I had rheumatism in my back and legs, and the pains were so awful that I couldn't bend over twelve inches without my legs hurting me so bad I could hardly get about and sometimes my left leg just below the knee would be swelled up twice its normal size. My kidneys bothered me day and night almost as bad as rheumatism and I was hardly ever able to get a good night's sleep or rest. But the worst part of it all was that I was never able to enjoy a single meal for nothing agreed with me, and I would be in misery for hours sometimes with indigestion. I had such terrible dizzy spells at times that I couldn't stand up and I would have to lie down until the attack passed off. I have seen times when I gave completely out while at work and would have to be carried home in a car, why, it's no wonder at all that I was about to give up my position.

"One of the men I work with knew I was going to quit came to see me and told me to try Tanlac as it had done so much for him. So I decided to take it, and now, I'll praise the day I bought it as long as I live for I haven't a trace of rheumatism and I don't believe any man can look at me and say I look like I ever had rheumatism in my life. I couldn't tell that I ever had been troubled with indigestion for I eat anything set before me without any bad effects. Dizzy spells are a thing of the past and my kidneys don't give me any more trouble and every night I sleep like a log. I tip the scales at one hundred and sixty now, just thirty eight pounds heavier since I have taken Tanlac and I feel twenty years younger. There is nothing in the world I would exchange for the good Tanlac has done me."

TANLAC is sold in Jacksonville by Coover & Shreve; in Meredosia by Mr. B. B. Field; in Murrayville by M. E. Gilbert; in Waverly by Wyle Drug Co.; in Woodstock by the Hoy Pharmacy. In Chapin by John Onken and Bro., and in Alexander by Frank L. Kaiser.—(Adv.)

BECOME SLENDER

A Simple, Guaranteed Method

If you would like to lose, weekly, from one to five pounds of burdensome fat while eating and drinking all you need, also enjoying life far better than at present, just follow this advice:

Take seven deep breaths of fresh air each morning and evening; after each meal take a little oil of korein; eat all you need, but chew thoroughly, and follow other simple directions of the guaranteed Korein system.

Men and women who were waddling around with heavy, sluggish bodies have, in many cases, reported a gradual, agreeable reduction of thirty to eighty pounds, with wonderful benefit to health and figure. This very season is the time to become slender, attractive, vivacious, and healthier, very easily. Get oil of korein at the druggist's; it comes in capsules, convenient to use and is now sold at before-war low price. Weigh and measure yourself week to week. You can scarcely realie the joy that awaits you in normal symmetrical figure, with good health and longer life. Show others this advertisement. —Adv.

Stoves, zincs, floor coverings. Mallory Bros.

LETT TROOPS ENCIRCLING MITAU

Copenhagen, Nov. 15.—Dispatches received here today say the Lett troops are encircling Mitau where the headquarters of Colonel Avaloff Bermondt are located. The German diplomatic staff has left Mitau for Germany.

LONDON PAPERS COMMENT ON SENATE'S ACTION

London, Nov. 15.—The action of the United States senate on the peace treaty, especially with regard to article ten receives prominence in some of the London newspapers whose head lines embody President Wilson's reference to "cutting the heart out of the treaty."

Few of the newspapers, however, comment editorially. The Daily Chronicle attributes the senate's action "to hostility to President Wilson rather than hostility to Europe,' 'and says:

"This in nowise relieves from serious, probably tragic embarrassments, for which American obstruction is responsible."

SUGAR SHORTAGE WILL SOON BE OVER

New York, Nov. 15.—Eighty millio npounds of sugar was produced by the refineries of the eastern district during the last week, Arthur Williams, federal food administrator, announced here today. This production, if continued, he added, would soon solve the sugar shortag eand assure a normal supply.

POLICE "BOMB SQUAD" I. W. W. HEADQUARTERS

New York, Nov. 15.—Members of the police "bomb squad' 'toquarters on the east side and arnight raided an I. W. W. headrested Leland Stanford Chumley, editor of the Rebel Worker. Chumley and another prisoner, John Edwards, were rharged with carrying concealed weapons. About a ton of alleged radical literature was confiscated.

CANDIDATE TO OPPOSE BERGER NAMED

Milwaukee, Wis., Nov. 15.—Former State Senato. Henry H. Bodenstab was today selected 'o make the race for congress against Victor L. Berger, Socialist, who is a candidate for re-election in spite of the fact that he was denied a seat by the present house of representatives on Nov. 10. Bodenstab was the unanimous choice at a conference of Democrats and Republicans. He will run on the Republican ticket.

ADVISES AGAINST LABOR CANDIDATE FOR PRESIDENT

Hot Springs, Nov. 15.—William Jennings Bryan in a statement issued here today advised against organized labor putting forward a candidate for president. He said that all organized labor had obtained within the past 25 years has been given by the Democratic party.

A labor candidate for president, he said, would only put farther away the things labor now wants.

KANSAS MAY TAKE OVER COAL MINES

Topeka, Kans., Nov. 15.—Kansas coal miners will be asked to go to work for the state at a conference called in Kansas City for tomorrow by Governor Henry J. Allen. The call for the meeting was the first move toward the state taking control of the Kansas mines in an effort to relieve the fuel shortage in the state.

Vote to Remain on Strike.

Bloomington, Ill., Nov. 15.—Local coal miners at a meeting here tonight voted to remain on strike pending the outcome of the conference in Washington.

MANY KILLED IN MEICAN TRAIN ROBBERY

NEW BERLIN WON FROM FRANKLIN

New Berlin's independent basketball team defeated the Franklin Independents in Marquette hall Saturday evening by a score of 38 to 19. The game was a hard fought contest but New Berlin had the advantage of being in better condition than Franklin as it was the first game of the season for the Franklin team.

Social Events

Entertain for Guest Saturday.

A social event of more than usual pleasure was given at the Peacock Inn Saturday when Mrs. Fred Hopper and Miss Lena Hopper entertained in honor of their guest, Miss Constance McCanon of Lawrence, Kansas, at a one o'clock luncheon. A limited number of friends were present.

Hustlers Class Met at Home of Mrs. Gunn.

The Hustler's Class of Westminster church taught by Mrs Gunn met at her home two miles west of the city. Twelve out of the sixteen members of the class were present. After playing football for some time the boys enjoyed a weiner roast and then pictures were taken. The party was given in honor of three new members, John Cockin, Clark Rawlings and Treston Smith. Mrs. Gunn was assisted in entertaining by Mrs. Treston Smith.

Domestic Science Round Table.

Yesterday afternoon Mrs. Alice Sherfy Houston addressed the members of the Domestic Science Round Table at Grace church and a goodly number attended. Methods of preparing meats was the subject of the talk yesterday. Monday, Tuesday, Wednesday and Thursday of this week Mrs. Houston will give demonstrations at 2 p. m. at Grace church for the benefit of the F. H. Cogswell and Mrs. A. F. Williamson circles.

Mrs. W. D. Doying was chairman of the hostesses committee and was assisted by twenty ladies, Mesdames Sarah Cocking, J. N. Conover, A. A. Curry, F. K. Degen, M. R. Fitch, William Floreth, M. E. Gilbert, Chas. B. Graff, Grant Graff, C. Green, Lloyd Hamilton, W. R. Baumgarten, Samuel Black, E. G. Caldwell, George Baxter, Thos. Duffner, Orville Adkisson, and William Cleary and Miss Eulah Dyer.

Party at Home of Mr. and Mrs. John Body.

A very pleasant event took place Friday evening at the home of Mr. and Mrs. John Boddy seven miles west of the city. The occasion was the birthday of their daughter, Miss Phoebe Boddy and more than forty relatives and friends assembled at the Boddy home for an evening of pleasure. Mrs. Boddy was assisted in entertaining by Mrs. Lon Sawtell, and Mrs. Louis Perbix, and Miss Phoebe received the guest, assisted by her brother, Walter Boddy. The house was prettily decorated with cut flowers.

The early hours of the evening were spent with games which were directed by Mrs. Scott Holmes. After the games refreshments were served and the later hours were spent in dancing. The many gifts which the young lady received attested the esteem in which she is held by her many friends.

Mound Woman's Country Club Met.

The Mound Woman's Country club met at the home of Mrs. J. W. Clary, 816 West North street Friday afternoon. Mrs. John W. Groves was assistant hostess. There was a full attendance of members and guests. The business of the meeting was laid aside for the afternoon in order to devote all the time to Miss Bertha Jones of the Domestic Science department of the Woman's College, who demonstrated the making of three dressings and twelve different salads. Mrs. Clary arranged a long table so the guests and members were seated on both sides and in this way could easily watch the demonstration. Each member was provided with paper and pencil to take notes during the demonstration and copy the recipes. The meeting was a most enjoyable and profitable affair. Miss Jones invited the members of the club to attend a demonstration to be held at the College Dec. 15th, 16th and 17th, at which time state workers will be present along the domestic line and will see what the field offers for organizing city and town home management club. After this Mrs. Clary and Mrs. Groves served delicious refreshments and a social time enjoyed.

C. W. B. M. of Woodson Church Meets.

The C. W. B. M. of the Christian church at Woodson held its regular meeting at the home of Mrs. Luella Henry Thursday, Nov. 13, led by Mrs. Ida Meginson. The meeting was opened by a song on the Victrola, "Make Somebody Happy Today."

Prayer—Mrs. Grunder.
Reading of lesson by leader.
Song—Tell It Today.
Talks—
Our Chinese Missions—Emma Self.
Japanese Mission — Louella Henry
Reading, "The East and West Meet"—Mrs. Arma Self.
Hidden questions and answers by members present.

Our deceased member, Mrs Clara Henry and family were remembered in prayer, also a few lines of poetry were read in memory of her by Luella Henry as follows:

One we loved has crossed the tide
Passed away from earth forever,
And moored her bark upon the further side
Of the narrowing mystic river
We know bright angels met her there,
With crowns of radiant gold.
And bore her up with loving hands
Far away to the upper fold.

Margaret Kitner, secretary.

The Misses Lazenby Entertained Saturday Night.

The Misses Rose and Charlotte Lazenby entertained a company of young folks at their home, 215 East College street Saturday evening. Games and music were very happily enjoyed by the guests present. In the apple eating contest the prize was won by Arthur Dikis of Springfield. A mock wedding being a pleasant feature of the evening. Delicious refreshments were served by the hostesses. At a late hour the guests departed after a very enjoyable evening. The guests present were: Mamie Hayden, Teresa Lonergan, Mabel Malone, Margaret Burkery, Minerva Wharton, Grace Hamilton, Gladys Hamilton, Mrs. Malone, Ben Suetkamp, Arthur Dikis of Springfield, George Lazenby, Russel Conover of Decatur, Harold Wright of Decatur, Fred Belk, Norman Walker.

Phi Alpha Society Holds Regular Meeting.

The regular meeting of Phi Alpha was held Friday evening at 7:30 o'clock in Phi hall. The meeting was opened with the roll call and followed by prayer.

The following program was rendered:

Essayists — Eldon Karr, "San Domingo."

"Danderine" creates mass of thick, gleamy waves

OF YOUR HAIR

DOUBLE BEAUTY

In a few moments you can transform your plain, dull, flat hair. You can have it abundant soft, glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the "Danderine" and draw this through your hair, taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous and so easy to do up. All dust, dirt and excessive oil is removed.

Let Danderine put more life, color, vigor, and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair, and help your hair to grow long, thick, strong and beautiful.

IDEAL Hog Waterer

Saves 25% on Feed For Hogs

Takes the chill off the water the hogs drink. Enables them to put on the same flesh with one-fourth less feed. Cold water chills their stomachs, stops digestion, lowers body temperature. Hogs on cold water have to turn more corn into fuel to keep them warm, make slower growth and yield smaller profits. An Ideal waterer will save this extra feed and save you time and labor chopping ice. Most modern and efficient waterer for every day service ever made.

See This Waterer NOW!

It's made right. Supplies clean water with the chill off when the temperature is 40 below. Made of heavy galvanized steel in sizes to suit all needs. Special lamp heater furnished.

* Hogs and corn are real money this year. An Ideal Waterer will make you heavier hogs on less feed. Call and see them next time your in town.

Illini Down Michigan--Ohio Wins

LLINOIS EASILY DEFEATS MICHIGAN

tate University Eleven Crushes Yost's Machine By Score of 29 to 7—Playing of Sternaman eatures Battle.

Urbana, Ill., Nov. 15—Univer- y of Illinois' hard playing erb football eleven won a de- ive victory from Michigan on ois field this afternoon 29 to nd in doing so earned the it to meet Ohio State for the ference championship next urday.

After holding the Illini in check the first period the Wolver- s' the defense went to pieces and the Orange and Blue scoring machine worked brilliantly thereafter.

The first Illinois touchdown came early in the second quarter when the Illini backs crushed thru the Michigan line at regular intervals Crangle taking the ball thru center to the one yard line. Walquist went over for the touchdown. A pass, Walquist to Carney paved the way for the second score for it carried the ball to the 15 yard line and enabled Ralph Fletcher to boot a goal from the field. In the third period the Illini opened up with their forward passes, before which the Michigan defense seemed helpless. Using passes with good effect and alternating with stiletto line thrusts, first off one tackle and then off the other, Illinois piled up two touchdowns in the third period.

The Illinois second string men, who replaced the regulars in the final period, also negotiated a touchdown, Lovejoy going over shortly before the game ended.

Michigan's only score came in the final period when Vick picked up a fumble and ran 50 yards for a touchdown.

An injury to Ralph Fletcher, Zuppke's ace, made it necessary to carry him from the field at the start of the fourth period and it was feared that he would not be able to complete against the Buckeyes next Saturday. An X-ray examination however, indicated that he will be all right for the championship game.

A feature of the game was the playing of E. C. Sternaman of Springfield, Illinois, former captain, who scored two of the four touchdowns and showed a return to his 1917 form for the first time this season.

The Line-up:

Illinois (29)	Position	Michigan (7)
Carney	le	Dunne
Ingwerson, (c)	lt	Goetz (c)
Mohr	lg	Culver
Depler	c	Vick
Applegran	rg	Wilson
Petty	rt	Dunne
Reichle	re	Peach
B. Fletcher	qb	Sparks
Sternaman	lhb	Weston
Walquist	rhb	Cruise
Crangle	fb	Eads

Score by Periods:

Illinois	0	10	13	6—29
Michigan	0	0	0	7— 7

Illinois Scoring—Touchdowns, Walquist, Sternaman (2); Lovejoy. Goals from touchdown, R. Fletcher (Sub for Sternaman), Reichle. Goals from field, R. Fletcher.

Michigan Scoring—Touchdown, Vick. Goal from Touchdown, Sparks.

Referee—Birch, Earlham.
Umpire—Schommer, Chicago.
Field Judge—Haines, Yale.
Head Linesman—Nichols, Oberlin.
Time of Periods—15 minutes each.

PRINCETON TRIUMPHS OVER YALE ELEVEN

Bit of Old Eli Strategy Turned Into Tiger Victory in Most Sensational Eastern Game of Season.

New Haven, Conn., Nov. 15.—A football tossed in the air as a bit of Yale strategy tonight was the treasured trophy of a sensational Princeton victory. The Tiger team won from Yale 13 to 6 in its biggest game of the season by turning an intended Yale trick into a Princeton touchdown and consequent goal. It was "Bud" Scherer, a substitute called into play only a few minutes before, who upset the Yale tactics, broke a tie score and gained for himself lasting fame by scoring for Princeton the first victory over Yale since 1911. His feat outdid that of "Sammy" White, the Tiger hero of that year. Both were the result of emergency handling of a loose ball.

Neville of Yale, rushing from his own 31-yard line had gained several yards when he was tackled by Bigler of Princeton. Instead of downing the ball he swung it over his head laterally to Kempton who was following fast behind him. Scherer shunted Kempton aside as he strained to reach the flying pigskin, then followed its course himself, gathered it in and set off for the goal 20 yards away. A broken field of Yale players lay in between. Scherer ran hard, broke pace, used straight arm interference and crossed the line with the touchdown that was the measure of Princeton's victory. The achievement of Scherer and Princeton's success were witnessed by between fifty and sixty thousand people.

A third of these, it seemed, poured out of their seats after the game, and took part in a serpentine dance of victory which was carried for five miles into the town, a band blaring as it went.

"CHICK" HARLEY SAVES HIS TEAM FROM DEFEAT

Wins Game for Ohio from Wisconsin with Drop Kick in Last Period — Contest Desperately Fought.

Madison, Wis., Nov. 15.—"Chick" Harley, all-American halfback, playing the next to his last game for Ohio State, saved his team from possible defeat today when he booted a drop kick from the twenty yard line, beating Wisconsin 3 to 0, before 15,000 spectators, in what was probably the most desperately fought game in the western conference championship race this season.

The narrow victory strengthens Ohio State's grip on the "Big Ten" title. The Ohioans have gone thru the race with a clean slate, having defeated Michigan, Purdue and Wisconsin. But finally to clinch the title, Illinois must be defeated at Columbus next Saturday. Fought to a standstill for three periods of the game, the Ohioans opened up a vicious attack in the fourth and scored a touchdown on a forward pass but the score was not allowed because Harley, passing the ball to Stinchcomb, the Buckeye quarterback, had reached the line of scrimmage before heaving the ball. When the ball was brought back into play on the twenty yard line Harley dropped back for a drop kick and booted the ovel squarely between Wisconsin's goal posts.

Wisconsin fought Ohio State practically on even terms for three quarters of the game. Each team gained 136 yards from direct formation, but Harley outpunted Sundt and Gould. Elliott, the stocky fullback of the Wisconsin eleven was the chief ground gainer, Gould sharing honors.

Elliott ripped thru the line and around the ends for 74 yards. Stinchcomb, Fullback Willaman, Bliss at left half and Harley, ripped thru the Wisconsin defense for big gains, Stinchcomb carrying the ball 47 yards.

Wisconsin rushed the ball to within striking distance of Ohio's goal three times but lacked the punch to put over a touchdown or a field goal.

The lineup:

Ohio State		Wisconsin
Myers	le	Weston
Huffman	lt	Scott
Pixley	lg	Bunge
Holtcamp	c	Carpenter
Trott	rg	Fladoes
Spiers	rt	Stark
Flowers	le	Meyers
Stinchcomb	qb	Barr
Harley	rb	Sundt
Bliss	lb	Gould
Willaman	fb	Elliott

Score by periods:

Ohio State	0	0	0	3	—3
Wisconsin	0	0	0	0	—0

Ohio State scoring—Goal from field, Harley.

Referee, Magidsohn, Michigan; umpire, Gardiner, Illinois; field judge, Knight, Dartmouth; head linesman, Hoagland, Princeton.

NORTHWESTERN WINS FROM INDIANA 3 TO 2

CHICAGO, Nov. 15.—Northwestern's spurt in the last few minutes of play won her own conference victory in her last big ten game of the season over Indiana 3 to 2 at Evanston today. The Hoosiers seemed to have the game cinched, after Brightmier fell on a blocked punt behind the purple goal in the first period. Indiana then took the offensive narowly missing at touchdown. In the last period Northwestern rallied for two marches down the field on the second of which Daley made a place kick from the 25-yard line turning apparent defeat into a one point victory.

HARVARD, 23; TUFTS, 0.

Cambridge, Mass., Nov. 15.—Harvard, with many substitutes in the line had little difficulty in defeating Tufts today 23 to 0, altho there was no scoring during the first half, and at the end of the third period, Harvard led only 3 to 0. In the fourth quarter Harvard scored three touchdowns, two of which were followed by goals.

GRAHAM'S PLAYING TOO MUCH FOR IOWA

Crack Chicago Quarterback by All Around Work Wins for His Team 9 to 6—Contest Desperately Fought Thruout.

Chicago, Nov. 15.—Percy Graham, redheaded quarterback of the University of Chicago pushed, shoved and finally kicked his team to a 9 to 6 victory over Iowa today. It was the Iowa team's second defeat of the "Big Ten" season.

Graham, with the game nearing a close and the score 6 to 6, began a series of brilliant dashes that brought the ball to within 20 yards of Iowa's goal and when the Orange and Black held he drop kicked for the winning three points. Graham also scored Chicago's touchdown, skirting right end for five yards after he and his teammates had carried the ball down the field by a driving attack. Iowa's only touchdown came in the first period and resulted from a series of forward passes Aubrey Devine tossing a pass to his brother G. Devine who went across the Chicago goal. A. Devine missed goal.

Iowa made a desperate effort to score in the final period and when the whistle blew was on Chicago's two yard line.

The lineup

Chicago (9)	Position	Iowa (6)
Pouche	le	Charlton
Jackston	lt	Block
Pheney	lg	Mockmore
Reber	c	Heltz
McGuire	rg	Kaufman
Higgins	rt	Slater
Crisler	qb	A. Devine

ARMY, 121; COLBY, 0.

Annapolis, Md., Nov. 15.—Invading the goal line of their opponents on 18 occasions and kicking 13 of the 18 resultant tries for goal, the navy football team went beyond the century mark in scoring today by smothering the eleven of Colby [illegible] of Maine under a court [illegible] 0.

JACKSONVILLE HIGH HUMBLED BY WAVERLY

Locals Lose Game by Score of 9 to 0—Game Hard Fought But Clean—Both Teams Nervous and Did Not Play up to Form.

Jacksonville high was humbled at Waverly yesterday afternoon by Waverly high by a score of 9 to 0. The game was a hard fought contest with neither team playing up to its true form.

Perhaps this was due to the strain the players of both teams were under. There was frequent fumbling and both teams were penalized often for being offside. This was largely due to over anxiety on the part of the linemen. Tho both teams tackled hard there was little roughness and a spirit of sportsmanship seemed to pervade the players.

Summing up the game as a whole it might be safely said that Waverly won because her men were in better condition than the locals. The Waverly boys seemed to be slightly heavier than Jacksonville but not enough to make much difference. Neither team was able to make much headway with trick stuff and for the most part played straight football. The lines were so evenly matched that both were compelled to kick frequently. Molohon outpunted his opponent, getting more distance in his kicks and getting them high thus enabling his ends to get down under them.

Waverly's scores came thru a touchdown and a place kick. Redfern made the touchdown in the third period and John Knight place kicked goal in the fourth period.

Waverly's entire team played good football, both on offense and defense. Redfern, Gorman, Jarrett and Bill Knight did the principal ground gaining for Waverly while Bill Knight was a bear on defense.

Hunt, Cockin, Green and Molohon did the best work for Jacksonville on offense while A. Arter, Lucas and Ransdell did good work on defense.

First Period.

Jacksonville kicked off to Waverly. First down made on line plays. Jacksonville held and Waverly kicked. Thruout the period the ball frequently passed over neither team being able to make much headway on line plunges and end runs. The ball was in Waverly's possession when the period closed.

Second Period.

In the second period Waverly made two first downs and Jacksonville then held. Jacksonville made first down and was penalized for being offside. Molohon punted back of the goal line and Waverly put the ball in play on the 20 yard line.

Waverly immediately kicked. Jacksonville also attempted to kick and the ball was blocked and a Waverly man fell on it. Waverly made three first downs and then Jacksonville held. John Knight tried a place kick from the 15 yard line. The ball struck the goal post squarely and bounded back on the field. The end of the period came at this time.

Third Period

Waverly kicked to Hunt who carried the ball back five yards. Jacksonville then made two first downs. Waverly intercepted a forward pass and the ball went over.

Waverly tried the line without result. Redfern then received a forward pass and ran 25 yards for a touchdown. The goal was missed. Score, Waverly 6; Jacksonville 0.

Jacksonville again received but could not gain and kicked. German made 15 yards on an end run. Immediately afterward Waverly was penalized 15 yards for holding. Waverly intercepted a forward pass just as the third period closed.

Fourth Period

With the ball on Jacksonville's 15 yard line J. Knight dropped back and place kicked a goal squarely between the posts. Score Waverly 9; Jacksonville 0. The ball passed over several times and was in the possession of Jacksonville on her own 20 yard line when the final whistle blew.

The lineup:

Jacksonville		Waverly
Ransdell	le	Arnold
R. Arter	lt	Burnett
Bray	lg	Taylor
Smith	c	Harrison
Reig	rg	Preston
Molohon	rt	J. Knight
Lucas	re	McKee
Hunt	qb	Gorman
Cockin	lh	Redfern
Green	rh	Jarrett
A. Arter	fb	B. Knight

Referee—Weddell, Alton, Y. M. C. A.; Umpire, Oertli, Alton high; Head linesman, Dr. Walter Allyn. Time of periods 15 minutes. Touchdown, Redfern; goal from placement, J. Knight.

Songs and Silverware!

But what has music to do with table-knives? Just this!

The best silverware you can get is marked "Sterling;" the best phonograph you can get is marked PATHE.

The Pathe phonograph is different in principle, better in result. The Pathe Sapphire Ball, a round polished jewel, replaces the old-fashioned steel needles, which cut and gouge the records. No needles to change; no needles to buy; always ready to play. The Pathe plays all makes of records, and plays them better. Every Pathe Record is guaranteed to play 1,000 times. These are just three of the big Pathe advantages.

But the most important Pathe feature is the TONE. The Sapphire Ball and the all-wood violin tone chamber give the pure clear tone of perfect music. Not a shading is lost; not an expression missed. When you hear a Pathe instrument you at least realize how perfectly music can be duplicated.

We have selected the Pathe instrument because we know it is the best. After a careful investigation and comparison of all makes of phonographs and records, we realized the Pathe superiority. Yet the Pathe costs no more than the ordinary talking machine.

Give your ears a treat. Let us play a jewelled Pathe for you—the Phonograph of Sterling Quality.

or Tells How to Detect Harmful Effects of Tobacco

Try These Simple Tests

Connor, formerly hospital, says: ke, chew or snuff who are seemingly suffering from progresnic ailments. Thousands of ld never have been afflicted been for the use of tobacco. ands would soon get well if ld only stop the use of tohe chief habit forming prinobacco is nicotine, a deadly hich, when absorbed by the slowly affects the nerves, s, tissues and vital organs dy. The harmful effect of aries and depends on circumOne will be afflicted with ebility, others with catarrh roat, indigestion, constipation nervousness, sleeplessness, nemory, lack of will power, nfusion, etc. Others may subheart disease, bronchial trouenitis of the arteries, tuberblindness or even cancer of nous affliction known as toart. If you use tobacco in you can easily detect the effects by making the folimple tests. Read aloud one from a book. If, in the reading your voice becomes hoarse and indistinct, and frequently clear your throat, ices are that your throat is by catarrh and it may be the of more serious trouble. the morning before taking al smoke walk up three flights at a regular pace, then stop. If you find that you are out of breath, your heart beat is forced, trembling or irregular, you may be a victim of functional or organic heart trouble. If you feel that you must smoke, chew or snuff to quiet your nerves, you are a slave to the tobacco habit, and are positively poisoning yourself with the deadly drug nicotine. In either case you have just two alternatives—keep on with the self-poisoning process irrespective of the dangers and suffer the consequences, or give up the habit and escape the dangers. You can overcome the craving and stop the habit in a very short time by using the following inexpensive formula. Go to any drug store and ask for Nicotol tablets, take one tablet after each meal, and in a comparatively short time you will have no desire for tobacco, the craving will have left you. With the nicotine poison out of your system your general health will quickly improve.

Note — When asked about Nicotol tablets, one of our leading druggists said: "It is truly a wonderful remedy for the tobacco habit; away ahead of anything we have ever sold before We are authorized by the manufacturers to refund the money to every dissatisfied customer, and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol tablets are sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including Armstrong's Drug Stores. - Adv.

hat Nuxated Iron Is Made From
orn Statement of Composition of Its Formula
ases the strength and endurance of delicate, nervous, n-down folks in two weeks' time in many instances.
rd of Directors have authorized st publication of the sworn statehe composition of Nuxated Iron, most widely used tonic, strength builders in the world, so that the y examine it for themselves and its merits.
nservatively estimated that this reormula is now being used by over people annually in America alone. ose who have used and strongly are many physicans formerly onth well-known hospitals, former ates Senators, members of Conformer Health Officials.
ers everywhere are invited to statement for the benefit of their It is suggested that physicians make of it and keep it in their ofhat they may intelligently answer of patients concerning it. Everywise to cut it out and keep it. A he actual sworn statement will be tyone who desires such. It is as
eptonate (Special specific Standard Quantity given below)
Glycerophosphates U.S.P. (Monsanto.)
Glycerophosphates U.S.P. (Monsanto.)
ux Vomica U.S.P.
n Bitter
ium Carbonate
rer U.S.P.
ssia Cinnamon U.S.P.
n Carbonate Precip. U.S.P.
ose of two tablets of Nuxated Iron one and one-half grains of organic he form of iron peptonate of a specific standard which in our opinion superior qualities to any other rm of iron. By using other makes Peptonate we could have put the ntity of actual iron in the tablets an one-fourth the cost to us, and metallic iron we could have accomhe same thing at less than onehe cost; but by so doing we must certainly impaired their therapeuGlycerophosphates used in Nuxis one of the most expensive tonic s known. It is especially recommended to build up the nerve force as thereby increase brain power, as glycerophosphates are said to contain phosphorous in state very similar to that in which it found in the nerve and brain cells of man.
As will be seen from the above, two portant ingredients of Nuxated Iron (Peptonate and Glycerophosphates) are ve expesive products as compared with mo other tonics.
Under such circumstances the temptatio to adulteration and substitution by unscrupulous persons, is very great and the pub is hereby warned to be careful and see eve bottle is plainly labeled "Nuxated Iron by the Dae Health Laboratories, Par London, and Detroit, U. S. A., as this is t only genuine article. If you have tak other forms of iron without success, al does not prove Nuxated Iron will not he you. We guarantee satisfaction to eve purchaser or your money will be refunde
In regard to the value of Nuxated Iro Dr. A. J. Newman, late Police Surgeon the City of Chicago, and former House Su geon Jefferson Park Hospital, Chicago, sa it has proven through his own tests of it excel any preparation he has ever used fo creating red blood, building up the nerv and strengthening the muscles. Dr. J. Y Armistead, Grove Hill, Ala., graduate of th University of Alabama School of Medicin Mobile, 1883, says: "In the cases I use Nuxated Iron I have found more beneficial results than from any preparation I ha ever used in 34 years' practice." Dr. R. Baugh, Polkville, Miss., graduate of Memphis Hospital College, Memphis, 189 says: "I always prescribe Nuxated Iro where a reconstructive tonic is indicated Nuxated Iron often increases the streng and endurance of delicate, nervous, rundow folks in two weeks' time.
MANUFACTURERS' NOTE: Nuxated Iron is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach Nuxated Iron is not recommended for use in cases of acute illness, but only as a tonic, strength and blood builder. In case of illness always consult your family physician and be guided by his advice. If in doubt as to whether or not you need a tonic, ask your doctor, as we do not wish to sell you Nuxated Iron if you do not require it. If you should use it and it does not help you, notify us and we will return you money. It is sold by all druggists. Dae Health Laboratories Detroit, Mich.

Gilbert's Pharmacy

From County Agent's Office

National Association of County Agents.

This organization will meet December 1st and 2nd at the time of the International Livestock Show. Last year this body started a movement that led to the federation of farm bureaus into a national body to represent formers interests, and just as big things are expected to start this year. J. R. Howard, president of the Iowa Federation who was spokesman for farmers when they helped kill the Daylight Savings Bill, will give the principal address before this gathering.

Livestock Shipping Association

There is a growing interest in these organizations everywhere. LaSalle county has 17 Co-operative Livestock Shipping Associations. These have secured for the shippers on an average $2 more per head for hogs and $10 more for cattle than was possible under the old plan. There are two points in Morgan county where there is a decided interest in the organization of such associations. The most successful are those organized in connection with a farmers elevator.

National Association of Farm Bureaus.

J. W. Arnold and John Holley of Arnold, Fred Moeller and Frank Drury of Orleans and Harold P. Joy of Chapin attended the meeting at Chicago that led to the national organization of farm bureaus. It will be very much in order to have these men report their personal observations at the next meeting of the executive committee.

Thru Greece With Dr. Hopkins

Dr. G. J. Bouyoucos, '08, who was with Dr. Hopkins in Greece, gave a little talk to the members of the Agronomy Department and others about Dr. Hopkins' last work. He discussed the general features, topography, soil and climate, then went into some details as to the Doctor's handling of these problems.

Greece is very mountainous. Save for a few plains in Thessaly, the farms are in narrow valleys and basins and sometimes on mountain tops a thousand feet high. The fields are very small, the soil is but a few inches deep over rock; work is almost all done by hand and the farms have been operated for thousands of years. The rock out-crop is chiefly limestone and on most soils, lime is not required. Some deposits of finely powdered limestone have been found in one case within one-half mile of a tract requiring lime. The soil is largely alluvial, clay and clay loam, and is very poor. The climate is mild, but not so cold as central Illinois; the summers are warm, but not oppressive as the atmosphere is dry. Northeast breezes are caused by the suction over the Sahara Desert. The dry summer is often disastrous, if hot winds catch wheat in the milk it is ruined. Enough rain falls, 33-35 inches, but it is almost all between October and April.

The farmers live in villages and go out to their scattered farms sometimes having to arise at three to get to their fields by seven. Machinery as well as methods are very antiquated and much hand work is required even when machines are used. Plows are of a thousand year old type and do not turn the soil but simply push it aside. Grain is harvested with sickles, then is taken on the backs of animals to the village, there to be tramped out by horses on a paved floor. When the straw is reduced to fine particles the whole is tossed up in the air so the wind can blow out all but the grain. Very little fertilizer has been used. The principal crops are wheat, olives, currants, figs and tobacco.

Dr. Hopkins made a general tour first, then special trips to different regions, including a thoro soil examination, spending several days at each place. Borings were made, acidity tested, and samples shipped to Athens where 80 composite samples were tested. Chemical analyses were followed by confirmatory pot cultures and field tests. Nearly all the soils were deficient in nitrogen and phosphorus. Clover had not been grown to any extent but was not started in field work and some seed given farmers. The clover was turned under and millet sown with remarkable effects due to clover. As a result of this work, Dr. Hopkins made many valuable sugestions. A report was published in English and Greek. His work was so much appreciated that the government of Greece made every effort to keep him there for a term of years. The people idolized him and many said, "He is a God."—A. W. Jamison.

FANCY BAZAAR

Miss Alice Devlin will hold a sale of fancy articles at her home, 503 East College St. Wednesday and Thursday, Nov. 19 and 20.

CHAPIN

Mr. and Mrs. Roy Craven of Beardstown have been visiting relatives in Chapin the past week.

ILLINOIS FOLKS TELL OF EXPERIENCE
Freeport, Ill.:—"I can highly recommend Dr. Pierce's medicines. While I have taken some of nearly all of these medicines at different times and they always were first-class, I can speak especially well of the 'Favorite Prescription.' I have taken it as a special woman's tonic and it was excellent. For several years I was in very poor health. I had doctored for some time without results and I was in a miserable state when I decided to write to Dr Pierce's Invalids' Hotel, Buffalo, N. Y., for advice concerning my ailments.
"I am sure I owe my good health today to Dr. Pierce, and perhaps my life, and I cannot say enough in praise of his skill and also his grand medicines.' Mrs. E. Scovill, 329 Elk St.
Galena, Ill.:—"Some years ago I was afflicted with catarrh and liver trouble My blood was impoverished and an abscess formed over my liver. I was in a serious condition when my husband brought me a bottle of Dr. Pierce's Golden Medical Discovery, a vial of Pleasant Pellets and a package of Dr Sage's Catarrh Remedy. My improvement was noticeable from the very start but I took seven bottles of 'Golden Medical Discovery' so as to be cured and restored to perfect health.
"My sister also had a most satisfactory experience with the 'Discovery' which she took for an asthmatic condition Two bottles of it absolutely cured her of asthma and for thirty-five years afterwards she continued praising 'Golden Medical Discovery' and recommending it to persons afflicted with asthma or bronchial affections."—Mrs. A. Hatth Moore, 518 Dewey Ave.

MAVERICKS

Merchants see lower prices, says a headline. That is what the consumer would like to see too.

—o—

With shotgun shells selling at five cents apiece not many people could afford to make much noise on Armistice day.

—o—

And, speaking of the price of shotgun shells we are wondering what makes them so high, as the war is over and there certainly is not as much demand for explosives as there was during the war.

—o—

The officials of the miner's union say that the government is protecting the coal operators. Perhaps the government also is giving a little thought to about one hundred million citizens who are neither miners nor operators, but are consumers of coal.

—o—

As a result of the government's efforts to reduce the high cost of living creamery butter was selling some places in the city last week for 78 cents per pound.

—o—

Just contemplate the prices now and compare them with the prices of 1912. The Democrats put a plank in their platform that year promising to reduce the high cost of living. They reduced it, but with the reverse English.

—o—

We noted in an article the other day that former president Grover Cleveland lost half of his jaw some years before he died. We know a lot of people who would be better off if they would lose all of their jaw.

—o—

If Peruna was on the market now it would enjoy a big sale with national prohibition in force.

—o—

We'll bet if the members of the bartender's union had a chance to work they wouldn't go on strike.

—o—

The government, we learn, is protesting against the shipment of arms and ammunition into Mexico. That is about all it will amount to.

—o—

New Yorkers are drinking hair tonic whiskey since the dry law became effective. It seemed to us they were selling that kind of whiskey in New York several years before the dry law took effect.

—o—

A farmer near Ivesdale has a corn shucking machine that he claims will shuck 500 bushels of corn per day. It will now be in order for some corn husking liar to come forward and say that he can beat that mark.

—o—

We learn that Kansas is experiencing the dryest spell in her history. Illinois also is experiencing the dryest spell in her history only it is of a different variety from that in Kansas.

—o—

If one were to judge by outward appearances there are some people right here who do not believe the war time prohibition measure is constitutional.

—o—

We always did think we would like to live in Louisville, Ky.

G. W. D.

ART ASSOCIATION OFFERS EXHIBIT

With the coming of peace our thoughts return again to the interests and work of other days with renewed devotion and zeal, and so the Jacksonville Art Association comes again, offering to the good people of Jacksonville an exhibit of beautiful Venetian oil paintings at the Dr. David Strawn Memorial, 331 West College avenue, beginning Tuesday at 7 p. m., Nov. 18, and continuing for a week each afternoon and evening. The exhibit is free to all who may desire to see it.

The paintings are by the Swedish artist, Fredia Gugler, of Milwaukee, a student of the Chicago Art Institute. She also studied with William Chase of New York City, and also in Paris, Munich and in Italy.

Old friends and members of the Art association will rejoice and new friends and members will enjoy the program prepared for this year. In December will be the annual election of officers. In January the foreign art and craft exhibit, a rare and most interesting collection as well as instructive; in February an entertaining program; in March, uniting with the Woman's club, there will be a loan exhibit; in April a water color exhibit.

During the war regular meetings have been suspended but the Art Association has not been either negligent or asleep. More has been accomplished during these years than in all the years since its organization in 1873 and the granting of its charter in 1875.

Admirable has been its past history with the loan exhibits, the programs of rare merit and artistic value, all helping to influence the spirit of Jacksonville, in maintaining its record from early history as the Athens of the West, when tourists from other lands marked it as a place to visit in the Mississippi prairie region.

The deed to a spacious and beautiful permanent art home has been placed in our keeping and funds most generous accompanied it. More than this, the good will and interest of the donor follows us in all our plans. May he live long and enjoy them.

President Jacksonville Art Association.

FACTS ABOUT FURS

This season will go down in style history as an accentuated FUR period—by far the greatest ever known.

Having been well informed months ago on what to expect I prepared for it, by placing orders with some of the most reliable Fur factories in America. My selection of Ladies' Furs was made mindful of our patrons' demand for quality as well as style so that you can select furs here with the utmost safety. FRANK BYRNS' Hat Store.

AUTOMOBILE DEALERS MAY ORGANIZE

Field Secretary of National Association Addresses Meeting Saturday Noon.

An interesting meeting was held Saturday noon at the Pacific hotel, at which was present all of the automobile dealers of the city, the occasion being a visit of P. F. Drury, field secretary of the National association of automobile dealers, looking to the organization of a branch in Jacksonville. Mr. Drury spoke at some length to those present, outlining the benefits to be derived by local dealers and explaining that the principal object of the association is protection and not profit.

Following Mr. Drury's address dinner was had and a general discussion of the matter ensued in which all present took part.

Another meeting will be called within a few days to perfect the local organization.

Don't forget to call at Brady Bros. early tomorrow for FREE TICKETS to the grand concert at Northminster church tomorrow night. See ad on page 16.

WINCHESTER

Winchester, Nov. 15.—Mr. and Mrs. Marsh Green of Huntsville arrived Friday to visit her daughter, Mrs. Henry Pieper and family.

Y. & E. AGENCY

205 E. Morgan St.

RED CROSS DIRECTORS SOON TO BE NAMED

Election Fixed for Wednesday, Nov. 26th — Thirty to Be Chosen from Sixty Nominated.

In compliance with the by-laws of the Morgan county branch of the Red Cross association an election for members of the board of directors will be held at the rooms of the association in the Library building on Wednesday, Nov. 26, 1919, between the hours of 10 a. m. and 8 p. m. Every member of the association is entitled to a vote. Many matters of importance are apt to come before the association in the coming year, many changes affecting the work as it is to be continued now that the great emergency, the war, has been so happily ended, many works of mercy, in disaster, in epidemics, and in such work as may be authorized by the national organization, and every member should consider it a duty and a privilege to vote.

Sixty names have been placed in nomination, thirty are to be elected as directors and the directors choose the officers and executive committee for the coming year. The election will be under the Australian ballot system. It is hoped that every member will scan the list closely and vote. The following are named as judges and clerks of election: Wm. Dalton, J. J. Sheppherd, Chas. Hall, Mrs. A. W. Becker, Mrs. Charles Ehnie and Mrs. Orien Tandy.

The following are the nominees:

Earl Spink	Mrs. C. A. Barnes
E. E. Crabtree	Thos. Duffner
M. F. Dunlap	Mrs. W. P. Duncan
Miller Weir.	Mrs. Charles B. Graff
Mrs. F. J. Heinl	C. A. Johnson
W. L. Fay	T. M. Tomlinson
Mrs. J. W. Cleary	Rev. M .L. Pontius
F. J. Andrews	Mrs. L. W. King
J. J. Kelly	Thos. Rapp
Dr. Carl Black	Dr. A. H. Kenniebrew
W. D. Doying	H. H. Vasconcellos
J. J. Reeve	William Batz
W. Barr Brown	Dr. G. H. Kopperl
H. M. Capps	Mrs. O. F. Buffe
F. J. Waddell	Miss Ella Trabue
Dr. David Reid	Fred Begg
E. P. Brockhouse	Miss Grace Carter
Mrs. R. C. Singley	Eleanor Moore
Mrs. Louise Capps Dunlap	Frank Plouer
Rev. W. E. Collins	M. R. Fitch
Mrs. Andrew Russel	Mrs. W. T. Wilson
H. J. Rodgers	Chas. T. Mackness
Dr. Charles Rammelkamp	Dr. F. A. Norris
J. S. Hackett	Nelson McMurphy
Vincent Riley	Elmer Beastall
Rev. W. E. Spoonts	Ray S. Thompson
Edward Brennan	A. L. Wood
Dr. Garm Norbury.	Geo. W. Imgrund
Henry Frisch	Albert Metcalf
Ainslee Moore

U. C. T. INITIATED FIVE NEW MEMBERS

Regular Meeting Held Saturday Evening—Oyster Supper Followed Business Session.

The United Commercial Travelers at the regular meeting held Saturday evening initiated five new members. Those admitted are: E. L. Logsdon, John Johnson, Earl Rogers, Joseph Benson and George Vasconcellos.

Plans also were talked over for a minstrel show to be given by the organization. A committee has been appointed to arrange for the show and it is expected that the date will be announced soon.

Grand Counsellor Walter Dorsey of Quincy, was present and gave the members an inspiring talk. Following the business session an oyster supper was served. The members upon going to the dining room were surprised to find their wives present for the supper. This feature proved most enjoyable.

POTATOES

A REMARKABLE DEPARTURE

A recent issue of a well known trade journal contains an account of a remarkable departure in business methods at Greenville, South Carolina. A man had conducted a large cafeteria during the presence of a large body of troops but when they departed he was left with a large building on his hands and was at a loss what to do with it until a very unusual idea struck him. He bought a large stock of ladies' trimmed hats, employed a cashier and a woman to have general oversight and then invited the ladies to call, make their selections, try them on themselves, take what they wanted, pay the cashier and depart.

One day in 55 minutes they sold $247.00 worth of goods. The success of the venture has greatly exceeded the expectations of the proprietor and he is thinking of opening a chain of stores to be conducted on the same principle. His hats varied in price from $35 down.

Dr. Black says when he was in Vienna, Austria, long before the late war there was a room wholly unattended into which a person might go and take what he wanted to eat and deposit the price in a receptacle for the purpose. The The cafeteria in many cities is quite popular but a ladies' hat store without clerks is a novelty.

188 proof denatured alcohol, $1.00 per gallon.

ever shown in Jacksonville

Aside from its artistic merit and the pleasure it gives to look at pretty things, you will find shown the various articles needed daily by every man—the new combination shaving sets, finished in porcelain, ivory, silver, nickel or cut glass with or without military brushes. Safety razors, mugs, brushes, mirrors, strops. Shaving creams, soaps, powders, lotions and toilet waters. Many of these are entirely new in the market. All moderately priced, and especially suited to Christmas gifts.

WHAT ARE SECONDS?

"Seconds" is a term used to denote tires that for one of the reasons mentioned below do not carry the manufacturer's regular mileage guarantee. These reasons are:

(1) Over production in certain sizes.
(2) Change of tread.
(3) Change of Color.
(4) Slight surface blemishes.

The fact that a tire is stamped "second" does not mean that it will not give its original guaranteed mileage. The tires we sell as seconds can safely be sold with the manufacturer's original guarantee.

We Have on Hand a Limited Number of

Republic-Grande Cord Tires

Special 32x4 ..... $28.00

While these tires are classed as seconds they are guaranteed to be absolutely brand new, name and serial number appearing on each tire, and free from all defects. Here is your chance for a cord tire at less than fabric prices.

MEREDOSIA HAS NEW STORE ROOM

Mr. Martin of Augusta Opens Jewelry Store in Baujan Room —Harry Baur Seriously Ill— Other News.

Meredosia, Nov. 14.—Dr. Frank P. Norbury of Jacksonville was called here Wednesday in consultation in the illness of Harry Baur.

Dr. H H. Hamman attended a Four County Dental Acsociation meeting at Quincy Wednesday and Thursday.

Mr. and Mrs. Sylvester Baur of Lansing, Iowa, were called here Wednesday by the serious illness of the former's brother, Harry Baur.

Mrs. Ellen Giger, who has been ill at the home of her son, Dave, at Arenville, was brought to the home of her daughter, Mrs. William Wilday in this city, Wednesday.

Bernard, son of Doctor and Mrs. H. H. Hamman has been on the sick list the past week.

Dr. Fountain of Chapin was a professional caller here Tuesday.

Dr. H. L. Lake was a business visitor in Peoria Tuesday and Wednesday.

Mrs. Mary Brockhouse has been on the sick list the past week.

Mrs. W. T. Hedenberg of Versailles visited her sister, Mrs. J. H. Looman Wednesday.

Edgar Potter returned Monday from a business trip to St. Louis.

C. H. James was among the visitors in Jacksonville Wednesday.

Mrs. Charles Chrisman of Merritt is visiting her parents, Mr. and Mrs. John Risor.

Mrs. C. H. James visited her mother, Mrs. Joseph Schmitt, who is a patient at a hospital in Springfield, Thursday.

Mr. Martin of Augusta, has moved his stock of jewelry to this place and is located in the Baujan room on the north side of Main street.

Thomas Hyatt has been numbered among the sick the past week.

NO WIFE'S RELATIVES

The only son's engagement had just been announced.

Sis—Absolutely no class!

Ma—Why, that girl lives in Gargo!

Auntie—She's going to be fat!

Uncle—Bow-legged, that's what she is.

First Cousin—She ought to have more cash.

Second Cousin—Can't see her for dust—she's stuck up.

Son (thoughtfully) — Well' there's one good thing about her.

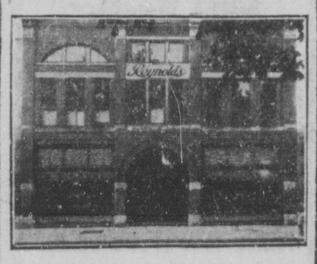

Chorus—What's that

Son—She hasn't a relative on earth.

Pa—Grab her, my boy, grab her!—Yale Record.

"EMPLOYERS—GIVE UP, LABOR—WAKE UP"

Roger W. Babson, of Basion, has published the following editorial in Babson's Barometer Letter to Merchants, Bankers and Investors. The magazine Continent reprints the article and says that few men hold opinions upon business which carry more weight than does Mr. Babson:

The need of the hour is not more legislation. The need of the hour is more religion. More religion is needed everywhere—from the halls of congress to the factories, mines and forests. It is one thing to talk about plans and policies, but a plan and policy without a religious motive is like a watch without a spring or a body without the breath of life. The trouble today is that we are trying to hatch chickens from sterile eggs. We may have the finest incubator in the world, but unless the eggs have the germ of life in them, all our efforts are of no avail.

The solving of the labor situation is wholly a question of religion. The wage-worker will never be satisfied with higher wages and shorter hours any more than you and I are satisfied with more profits and a bigger house. Things never did satisfy anyone and never will. Satisfaction and contentment are matters of religion. Communities and industries where right motives are paramount have no serious labor troubles.

When both employer and wage-worker honestly believe that we are here in this world to serve others, the labor problem will be solved; but not until then. We employers should learn to give up and labor should wake up. However, neither of us will do it except as we are actuated by religious motives. We all need a new outlook on life, a new political olicy, a new industrial policy and a new social policy. The old politics founded on fear and striving only for protection has fulfilled its usefulness. We need a new politics based on faith and striving for production.

Meanwhile what is happening to our churches? They are going to seed. The ministers are paid starvation wages and the whole church industry lacks pep and imagination. And yet the church is the only organization in existence for generating right motives in man. Schools develop intellect, theaters and novels foster passion, but the church is the sole organization which develops those good motives of love, sympathy, hope and inspiration on which the industrial salvation of the world depends. But that organization is asleep, and other agencies which develop hate, jealousy and fear are running rampant.

COLLEGE OF MUSIC

The tickets for the Artists' Course are now on sale at the College. This course includes recitals by Joseph Bonnet, French organist, the Zoellner Strang Quartet and Frances Ingram, contralto from the Metropolitan Opera Company.

Miss Gertrude Tompkins played a piano solo at the high school on Armistice Day.

Miss Suzanne Rinehart will play a violin solo at Westminster church Sunday morning.

Miss Louise Pletcher sang a solo at Centenary church Sunday morning.

Miss Helen Carpenter and Miss Dorothy DeMary sang a duet at the Baptist church on Sunday.

One of the most brilliant and unique concerts given in Jacksonville in recent years was the Folk Song Recital of Mrs. Grace Wood Jess. Mrs. Jess appeared in costume in keeping with the different groups of songs. Her explanation of the origin of these was most interesting. Mrs. Jess is a graduate of the College of Music and has been very successful in her public work. Special mention should be made of the brilliant work of the accompanist, Miss Edith Robinson.

In the community celebration of Armistice Day Miss Lazelle sang most acceptably while Mr. Pearson presided at the organ.

On Wednesday morning at chapel service Mrs. Hartmann sang most acceptably in honor of Senior Recognition Day.

PAID FOR DOING NOTHING

A Treasury Employee Didn't Hesitate to Expose Himself.

Gus J. Karger in the Cincinnati Times-Star.

Washington.—A joint congressional commission is endeavoring to reclassify the salaries of the government employees in the District of Columbia. To lay the foundation for its findings it has sent questionnaires to the clerks, one of the questions being: "What duties do you perform?"

The frankest answer yet received is from an employee of the Treasury Department.

"None at all," it says.

The respondent is unable to do any work. He lost his sight a year or more ago. In the absence of a system caring for the superannuated he must go every day to the office. There he sits, doing nothing at all. The sightless man can obtain his salary in no other way, and as long as he is able to report for duty he is carried on the payroll. No other provision can be made for him under existing law.

THE DEAR GIRLS

Stoxons—Well, there's one bill that Congress will never be asked to pass.

Bonds—What it that?

Stoxons—An old age pension for women. They'll never admit

HER ONE REGRET

"How nicely you have ironed those things Jane," said the mistress admiringly to her maid. Then glancing at the glossy linen, she continued in a tone of surprise, "Oh, but I see they are all your own."

"Yes," replied Jane, "and I'd do all yours just like that if I had time."—Central Methodist Advocate.

ILLINOIS WOMAN'S COLLEGE NOTES

The Lambda Alpha Mu Literary society entertained at a Japanese Kwan-ko-ba at the Colonial Inn, Saturday evening. Japanese costumes, decorations and tea-leaf fortune telling gave the quaint spirit of the "Cherry-Blossom" land.

Phi Nu was at home Saturday afternoon in the Society Hall at The Dansant. Richmond roses were favors given to the guests at the close of the fifth number.

Dr. Harker led the regular Young Women's Christian Association meeting Sunday, which was the introductory meeting to the Week of Prayer to be observed by both the Y. M. C. A. and the Y. W. C. A. thruout the world. He spoke on the value of prayer as an individual achievement and privilege.

Fire-Side prayer meetings were held on Tuesday and Friday evenings in the social room.

A luncheon, none the less delicious from having been assembled piece-meal, was enjoyed Monday evening by a number of girls, the guests of the Theta Sigma Literary Society. The affair was a progressive luncheon, and guests and hostesses trooped from one room to another to collect the fare, and then gathered in Theta Hall to partake of it. Music and dancing followed.

Miss Vera Wardner spoke on Consecration and Service at the "Win My Chum" meeting at Brooklyn church Monday evening. She was assisted by Miss Maeryta Poole, soprano.

Wednesday morning, at an impressive chapel service, the Senior Class, attended by the Sophomores, and preceded by the faculty, were for the first time recognized as candidates for degrees, and also for the first time appeared in their caps and gowns. After a solo by Mrs. Hartmann, Dr. Harker spoke very simply and very intimately to the class, explaining that the only thing he would wish to say of his seniors was, "Here is our contribution to the service of the world." The ceremony was closed with the singing of the Alma Mater.

Wednesday afternoon Dr. and Mrs. Harker entertained the senior class at a dinner party in honor of Dr. Harker's sister, Mrs. J. F. McCullough of New York City.

The fact that Thursday was sophomore day was early made manifest. Instead of the usual rising bell the sophomores paraded the corridors and awakened everybody with enthusiastic singing and cheering. In chapel they expressed their loyalty to and love for their Alma Mater in a very novel way presenting Dr. Harker with a toy bank containing their contributions toward a small deficit in the college funds. After dinner a very clever stunt entitled "Income's College," or "Knight Harker and the Ghost Deficit," carried out the idea of the Sophomore's readiness to help make funds balance. The toy bank is to be left in a conspicuous place in the front hall and all are invited to contribute and thus vanquish the "ghost of deficit."

Mrs. Harker and Mrs. Metcalf entertained the members of the faculty at a tea, Thursday afternoon, in honor of Mrs. J. F. McCullough.

The girls elected as delegates from the Young Women's Christian Association to attend the Student Volunteer Conference at Des Moines, Miss Avis Crowder, Miss Mildred Keys, and Miss Ada Clotfelter.

Miss Helen Houston was received as a pledge member of Lambda Alpha Mu Literary Society on Wednesday.

One morning last week Dr. Harker moved the hands of the clock which marks the hundreds on the endowment fund. This time the move showed $200 to the fund as a gift.

Illinois College and Illinois Woman's College held a joint Y. W. C. A. cabinet meeting in Belles Lettres Hall Thursday evening.

Dr. Harker left for New York Thursday evening to attend a conference of university presidents. He expected to be gone a week or ten days.

Miss Knopf is exhibiting a water color painting entitled "In the Conservatory, Garfield Park," with the New York water color club in their thirtieth annual exhibition, now being held in the galleries of the American Fine Arts Society in New York City.

The faculty-senior hockey game Monday morning still shows a score in favor of the seniors. This time it was seven to five.

Miss Jessie Wall, a former student of Illinois Woman's College who is now attending Northwestern University, has entered a beauty contest there. One member of each sorority has been selected to compete. Miss Wall represents Kappa Kappa Gamma.

Mrs. B. L. Ten Eyck was the week end guest of her daughter, Miss Margaret.

A. E. F. HORSES SOLD HIGH

European Nations Paid $200 a Head for Animals Used by Soldiers.

From the New York World.

Washington — The American Expeditionary Force received an average of $200 a head for horses and mules sold in Europe. Between last November 11 and last August 2 150,000 horses and mules had been disposed of, the receipts aggregating approximately 30 million dollars.

Purchasers of these animals include the Polish and Czecho-Slovak governments and French and German citizens. The A. E. F. still has on hand about 37,000 horses and mules, most of which probably will be sold in Europe.

MUCH TO SAY

"Mrs. Neighbor talked with my wife an hour today over the phone."

"Probably they hadn't talked together for some time."

"Not since yesterday."—Kansas City Journal.

GIRL ADVERTISES FOR "DATES"

A Columbia University Co-Ed Offers to Pay All Expenses

From the New York World.

An advertisement, which the advertising department of Columbia University's daily newspaper, Spectator, says is the legitimate appeal of a young woman, appeared recently in the publication as follows:

"Are you bound by convention? A Columbia girl from out of town, cultured, well bred and fairly good looking, wishes to make the acquaintance of several men in order to be introduced at Columbia functions. She is entirely unconventional and is willing to meet the men half way by paying all expenses. Strictly confidential. Address B 36, Spectator."

The students who publish Spectator professed ignorance of the identity of the young woman or whether the number 36 had any reference to the age or figure of the advertiser.

Hundreds of masculine students are awaiting replies from her, the advertisement having been well answered.

WAR POSTERS DISAPPEAR

Collectors Have Removed Many for Souvenirs.

From Cleveland Plain Dealer.

Johnny Doughboy going over the top, Mary Red Cross caring for the wounded, the Statue of Liberty urging bond buying and the workman digging down in his pocket for the last loan—all, all the war posters are gone, the old familiar faces.

Soon after November 11, 1918, they began to disappear. What became of them?

A small portion found their way into the hands of collectors. One of the largest collections, including both American and European posters, is owned by Frank M. Gregg, Cleveland manufacturer. The Cleveland Museum of Art, too, has a large collection. One of the most complete collections has been brought together by Walter H. Catheart, director of the Western Reserve Historical Society. Many smaller collections have been made in Cleveland. Many more have found their way to private homes as souvenirs of the war.

But most war posters have come to a saddef end. Those which we stuck tight to downtown buildings were scraped off, those on billboards were painted over and others have been covered with peace-time posters.

THE HARD PART

Peculiar to Women

Many women continually bear the burden of distress and pain with fortitude just because they are women. Few of them realize that their ailments are due primarily to disturbed nerve function that can easily be corrected so that they may be free of the nerve-racking, system-wrecking spells that make life miserable for them periodically.

Most women can be strong, healthy, happy and vigorous, because their highly nervous and complex organism readily responds to Chiropractic Adjustments that offer a safe and effective means of restoring normal function.

Chiropractic (Ki-ro-prak-tic) corrects the cause by adjusting the spine and relieving the nerves of the bone pressure, which disturbs the nerve function. With the pressure removed normal function is restored and Nature builds up and strengthens the system. Acute and chronic cases are handled by Chiropractic in Nature's own way. Operations, drugs and instruments are needless in

CHIROPRACTIC
THE BETTER WAY TO HEALTH

Women everywhere are turning to Chiropractic for relief, because they find it not only effective, but free of the embarrassments of other methods. Every woman should investigate Chiropractic and learn what it can do for them in a health way.

STUDY CAUSES OF ELEVATOR ACCIDENTS

Approximately Ninety Per Cent of All Elevator Accidents Occur at Landing Doors, Is Insurance Inspector's Statement at Safety Convention.

Cleveland, O., Oct. 4.—Eighty-five to ninety per cent of all passenger and freight elevator accidents occur at the landing doors, Dan Webster, of Indianapolis, safety inspector for the Aetna Life Insurance company, told the National Safety council here today. He advocated the equipping of all such elevators with locking devices that would prevent the doors from being opened unless the car is at the landing and prevent the cars being removed from the landing unless the doors are closed.

His recommendations of thoro and continuous inspection of elevator equipment also included the suggestion that all mirrors be eliminated from the passenger elevator cars, in fact all glass except electric light bulbs. As reasons he assigned the fact that broken glass might cause injury to passengers and that the "attraction" of mirrors results in passengers failing to notify the operator promptly of their destination, necessitating stops between floors and trips back to let them off.

Lifting devices, the speaker said, were used by Julius Caesar as far back as 256 B. C. when history mentions the lifting of animals from the dens to the arena in the Coliseum at Rome. About the middle of the Nineteenth century platforms and cable hoisted elevators were first installed in New York and Boston but were not provided with any kind of safety devices. Today few elevators are without such devises, which have been greatly perfected.

REPUBLICAN WOMEN ARE ORGANIZING

Chairmen Named in a Number of Down State Counties.

A steadily growing list of county chairmen appointed shows the progress in organization made by Illinois Republican Women in the four months since the initial conference of state leaders was held in Chicago last July.

Two of the most recent appointments made by Mrs. Fletcher Dobyns, state chairman, after consultation with district chairmen and County Central Committeemen, are Mrs. I. N. Cooley of Brockton as chairman of Edgar county in the Eighteenth district, and Mrs. Charles E. Denby of Carlinville, as chairman of Macoupin county in the Twenty-first district.

In Nearby Counties

Working also in Twenty-first district with Miss Sallie Perkins, district chairman, are Mrs. C. T. Brandon of Springfield, chairman in Sangamon county, and Mrs. Laura B. Evans of Christian county, both of whom have been recently appointed.

Another district with a record of five county chairmen already at work is the twenty-fifth, in which Mrs. Nellie S. Searing of Carbondale presides. Her coworkers are Mrs. Margaret Flint of Murphysboro, Jackson county; Miss May Hawkins of Mound City, Pulaski county; Miss Anna Wehrheim of Sparta, Randolph county; Mrs. James Norris of Anna, Union county; and Mrs. F. G. Campbell of Marion, Williamson county.

In the nineteenth district, under the supervision of Mrs. Henry M. Dunlap of Savoy, a chairman, Mrs. W. Scott Miller of Monticello, has been appointed for Piatt county. In the twenty-second district where Mrs. Rose Boylan directs Republican Women's activities, two county chairmen have received appointments. They are Mrs. H. S. Schmidt of Nashville, for Washington county and Mrs. S. Van Deusen of Greenville for Bond county.

HOW NATURE CLEANS HOUSE

Fall Rains Wash Off Summer Dust and Wind Blows it Away

We humans have a dire way of talking about the calm before a storm as though it was a brief intermission in a bitter round of evil days. As a matter of truth a calm may last sunny and serene for weeks at a time. It is the storm which merely clears the air for another calm.

If the weather is sulky and tearful, sniffling to itself in little gusts of drops or occasionally bursting into a good steady cry, it may remain unsettled for days. But when it lets itself out into a real tantrum it will hardly outlast the sunset.

The other morning trouble began to brew before breakfast. The fitful night wind steadied with the light as though it had just awakened to the fact that it had a good day's work ahead of it. For a time it hovered, as though to survey the world. It poked into odd corners, combed the long grass took stock of all the fag ends the summer leaves behind, like a householder inspecting his premises after his tenants have departed to town for the winter.

It is really surprising, the amount of muss it found. The most careless housewife hardly dares to let her ashes and potato peelings accumulate beyond a certain point, but summer gets cluttered up with all manner of unconsidered trifles. Even such tiny things as the husks of seeds, the wings of gnats, the cast-off down of the little birds, accumulate into surprising amounts. Smaller, but still more untidy, are the moulds and germs, elements of decay which have their place in the scheme of things, but must not be allowed to usurp that of their betters.

All these things the wind found. It sighed and set to work sweeping the earth with angry, vigorous blasts. And the dust rose up and filled it with stifling clouds. Like the Augean stables,, here was a task nothing less than a river could wash clean. It reached out for a lowering cloud which hung far in the Western sky and dumped its contents until every crack in our part of the earth's floor was running over. It scoured and rubbed and scrubbed and rinsed until it squeezed that cloud completely dry and flung it back to the highest rack of heaven until it should be fit to use again. And then it went on polishing up the world until it was fairly dry again. And while it worked its voice took on a satisfied, contented sound. For this particular corner of the universe was as fresh and clean as it had been in early spring.

John Breck.

ILLUMINATED TRAFFIC COP

Boston Seeks Solution to Crossing Congestion at Night.

From the Boston Globe.

With a view to solving the difficulties that beset motorists and traffic ocicers on Boston streets after nightfall the officers of the 1st motor corps are conducting experiments thruout the city to make a traffic handier visible to drivers as well as to pedestrians.

An experiment demonstrated that with the help of three light bulbs, which burn continuously, white bands crossed on his breast and long white gauntlets, a traffic officer can be seen by motorists even at the busiest and darkest of corners.

One of the lights is placed on the traffic guard's hat and the other two on his shoulders. They are fed by battery in the pocket of his overcoat. Both red and white lights have been tried. So far the red lights seems to be more satisfactory.

A NEW ELECTRIC MOTOR CAR

Vehicle With Racy Lines Carries its Own Recharging Plant.

From the Scientific American.

An electric motor car that makes twenty-five miles an hour and even more; a car that can go anywhere, because it carries its own recharging plant; a car that generates current whenever it coasts downhill; a car that carries improved storage batteries, requiring the minimum of care; a car wherein the motor and transmission members, forming one unit, can be taken off in one block for inspection, repair, or even replacement. These features are all to be found in the latest electric car—one which seems likely to give the electric car a new deal in the motor car game.

Car in question has been developed over a period of many years by Harry E. Dey of Jersey City, and has the hearty indorsement of Dr. Charles P. Steinmetz, the widely known electrical engineer.

The most revolutionary feature of Mr. Dey's car is the motor in which both armature and field magnet are rotatable, one element being connected to one driving wheel by way of a pair of reduction gears, while the other element connects with the other wheel in similar manner. It is in this way that the designer dispenses with differential gears; the motor with its independent rotation of parts makes a perfect substitute.

In the latest design the operation of the control is similar to that met on a gas car. For speed variation a foot lever acts in the same way as a clutch, with the added feature that pressure beyond that to cut the current off impels the motor to act as a brake, while extreme use of the foot power applies the mechanical brake to the driving wheels. In addition there is an emergency brake. An accelerator pedal raises the speed to thirty miles by weakening the field. A third pedal gives forward, reverse and neutral. This is so interlocked with the speed pedal that it can be moved only when the latter stands in a high resistance or the off position.

The steering wheel is hinged to permit of tilting when entering the car. The post is inclined at an angle of 30 degrees from the horizontal, giving the car a racy appearance. All this is mentioned here to convey some impression of the lines of this car, differing so materially from the bulky effect of most electrics.

The battery is carried underneath the floor and attached to the truss rod posts. This leaves the body entirely free of incumbrances and permits it to be utilized entirely for passengers and luggage. A radical departure has been made in the spring suspension, as air springs have been substituted for the elliptical type.

Mr. Dey has largely increased the scope of his car by designing a portable charging plant, weighing approximately one hundred pounds, to be carried under the bonnet of the car. It consists of a light 3-horsepower air cooled gasoline engine, connected to a special dynamo. It will charge the battery at any time, whether the car be running or standing, at a rate equal to the normal consumption of the driving motor, which experience has shown to be two horse power. This plant causes a net saving in the weight of the car of more than one hundred pounds, due to the fact that one-half the battery can be dispensed with, a 50-mile battery radius then being sufficient.

If desired the plant may be removed from the car to be used as a stationary unit for recharging, as well as for charging, a separate battery for house lighting etc. It is a simple matter to place the power plant in the car against a long trip. The smaller battery required will largely cancel the additional cost of the charging plant.

AN INNOVATION IN PRINTING.

The Literary Digest has made an interesting experiment in printing an issue of the periodical without the assistance of typesetters, who are on an irregular strike not sanctioned by the international organization. The plates from which the issue is printed were made by photo-engraving typewritten copy pasted up in page form. Nearly a million copies of the edition have been printed.

The typewritten page is not so easily read as the ordinary page of type. But it is understood improvements are under way to obviate this difficulty. There may be possibilities in this invention mothered by necessity. Only time will show. In any event the strike has forced these enterprising publishers to give a tryout to an innovation that otherwise might not have had its possibilities explored for years.

SET BROKEN ARM FOR $2,000

A Chicago Jhysician Asks That Amount from Late Banker's Estate.

From the San Francisco Bulletin.

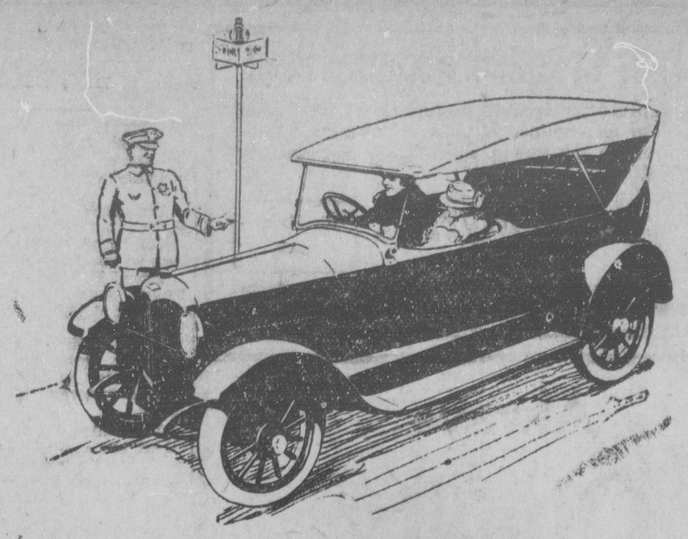

Should a physician charge $2,000 for setting a broken arm, and should a dentist charge $400 for inserting two gold crowns?

Whether they should or should not, these claims have been levied by three Chicago physicians and a Chicago dentist against the estate of the late Charles Loesch, former head of the California Banking Company, who committed suicide several months ago.

In order to determine whether the charges are justified, several San Francisco physicians and dentists will be subpœnaed to appear before Judge Morgan and give expert testimony.

The charges are for setting the arm of Arthur Loesch 18 years old, and for fixing the teeth of Ernest Loesch, 15 years old.

Loesch left an estate valued at $200,000.

PAIGE
The Most Beautiful Car in America

The average man today does not need to be convinced that a good automobile is a sound investment in a practical utility. He readily recognizes that the dividends are in time saved, work accomplished, energy conserved and health promoted.

The size of these dividends depends on the car and its maker. Paige cars offer a most attractive investment because in no price field is there a more generous measure of quality, a greater assurance of dependable service.

AND STOPPED TALKING?

From Dallas News.

"Well," said the Far West mayor to the English tourist, "I dunno how you manage these affairs in your country, but over here, when some of our boys got tied up in that thar bankrupt telephone company I was tellin' yuh about, they became mighty crusty."

"Oh!"

"Yes, they didn't like the way the receiver was handlin' the business nohow."

"Indeed!" commented the earnest listener. "Then may I ask what they did "

"Sartinly. They just hung up the receiver."

IDENTIFIED

From Punch, London.

The alarming report from Scotland that a parrot had developed rabies has proved to be incorrect. The bird, it appears, was merely endeavoring to imitate the bagpipes.

The New "Overland Four"

Tested 250,000 Miles. Three Point Cantilever Springs. Greatest Improvement Since Pneumatic Tires.

Overland 4 has been put through the most thorough and severe test possible.

250,000 miles of mountain trails, desert sand, heat, cold, mud and dust, demonstrated the quality of every part of the car long before we began manufacturing.

This remarkable test showed conclusively that Three-Point Cantilever Springs, exclusive with Overland, are the greatest improvement in riding comfort since the introduction of pneumatic tires.

They protect the car from road shocks and prolong the life of every part.

They enable the wheels to hold better to the road. They give greater comfort under all road conditions.

They do away almost entirely with side sway and rebound which twist and rack the car.

Diagonal attachment of the Three-Point Springs at both ends of a 130-inch Springbase gives the steadiness and smooth riding of the heavy car of long wheelbase.

Equipment is complete from Auto-Lite Starting and Lighting System to Marshall Divan Spring Upholstery.

Come in and see this car. Ask for Booklet. Overland 4 Touring, $845; Roadster, $845; Coupe, $1325; Sedan, $1375; prices f. o. b. Toledo.

Thanksgiving Offer

One Dessert Free

A Real-Fruit Dessert For Six People

Pineapple Juice

comes condensed in a bottle in Pineapple Jiffy-Jell. We use the juice of half a Pineapple to flavor a pint dessert

Loganberry Juice

comes condensed in a vial in Loganberry Jiffy-Jell. You get the juice of many berries in a pint dessert

This is an offer to buy you this week a Jiffy-Jell dessert for six people.

Many housewives don't know what Jiffy-Jell means to them. They know the old-style quick desserts, but not the new.

Jiffy-Jell brings you real-fruit flavors—not the artificial. Each package contains a bottle of fruit juice condensed.

We crush the real fruit, and much of it, to flavor a Jiffy-Jell dessert. A Jiffy-Jell dainty seems filled with fruit. Here you get fresh-fruit delights. And you get its healthful acids, needed every day.

Try One Fruit Free

Present the coupon to your grocer this week. Buy two packages of any flavor and he will give you a full-size package of Jiffy-Jell in Loganberry or Pineapple flavor free. We will pay him for the free package. This will give you three packages for the price of two.

Jiffy-Jell comes in many fruit flavors, but the choicest are Loganberry and Pineapple. You will find in each package a bottle of the fruit-juice flavor in liquid form, condensed.

The Jiffy-Jell mixture is ready-sweetened, acidulated and in proper color. Simply add a pint of water as directed on the package, then the flavor from the vial, and let cool.

See what you get—a real-fruit dessert for six people. It will have a wealth of fruit. It will change your whole conception of quick gelatine desserts.

Note that this offer is made on two flavors—on Loganberry and Pineapple only. Your grocer has no right to offer another. We want you to know Jiffy-Jell at its best.

Then always remember that this real-fruit dainty is ever at your command. It will bring you the joys of real fruit. And it will cost you, when you buy it, only a few cents per dinner. It will cost you less than the fruit alone which we use to make the flavor.

This offer is for this week only. Cut out the coupon now. If your grocer lacks the flavors mentioned, go to another store.

Makes a Pint Dessert Like This

Be Sure and Get This Package

Each package has a sealed glass bottle of fruit juice, in condensed form.

Full Size Package Free

Present This to Your Grocer

Jiffy-Jell, Waukesha, Wisconsin

I have bought today two packages of Jiffy-Jell of my grocer and he has given me, without charge, one package in Loganberry or Pineapple flavor.

Write your name and address clearly

To the Grocer: We will pay you in cash your retail price for each of these coupons which you redeem. Send them to us at the end of the week, with your bill.

To the Housewife: Note that it would be a fraud on us to deliver or accept any product but Jiffy-Jell on this coupon when we pay the grocer for it.

AME WAS THE GERM LIFE INSURANCE IDEA

uisville Courier-Journal.
e of cards is said to have
d the system of the in-
now so universal.
mish nobleman in the 17th Century tried to divide equally the cash staked upon an interrupted game of chance. He was helped in his attempt by Pascal, a distinguished French mathematician, who solved the problem.

The idea can be illustrated by the throwing of a dice, the chance of turning up an ace being one out of six. In a large number of throws, the chances are in the same proportion. From this Pascal laid down the proposition that results which have happened in a given number of observed cases will again happen in similar circumstances, provided the numbers be sufficient for the proper working of the law of average.

The life of a person is one of the greatest uncertainties, but the duration, or mortality, of a large number of persons may be predicted with the greatest accuracy by comparison with the observed result among a sufficiently large number of persons of similar ages and occupations and subject to similar climatic influences.

LIKE NAME BROUGHT LEGACY

But Soldier Who Took Inheritance Wrongfully Is In Prison

James T. Osborne, a private in the Australian forces, has been sentenced to three months' imprisonment for having received an inheritance of 100 pounds (about $500) which rightfully belonged to another man of like name, according to the Edinburgh Scotsman. The discovery of the real Osborne led to the apprehension of his namesake.

Evidence at the trial showed that Osborne, on receipt of a letter from a firm of Glasgow writers assumed that he had fallen heir to some property and had replied in such a manner as to convince the firm that he was their real client.

CLEVELAND LOST A JAW

Device Made of Rubber Worn by President in His Mouth—He Lived Fifteen Years After the Doctors Removed Malignant Growth That Threatened the Soft Palate and the Bones.

From the Philadelphia Public Ledger.

It seems to be a custom frequently honored in the observance to call in a Philadelphia doctor when a president is ill.

Some one familiar with the circumstances recalled to me the details of the two operations upon Grover Cleveland in July, 1893, in which Dr. W. W. Keen of this city was intimately concerned with Doctor Bryant.

It was a most anxious time for the country as for the president. The battle for and against the free coinage of silver was fiercely waging, and the gold reserve was diminishing and precarious. In 1893 there were 642 banks that proved unable to weather the storm. It was one of the times in the history of our country when the life of a man seemed essential to the life of a nation.

Large Ulcer in Roof of Mouth.

The first operation took place July 1—on the yacht Oneida, anchored off the Battery in New York harbor.

Dr. R. M. O'Reilly, afterward surgeon general of the United States army, had a few days before detected an ulcer, the size of a twenty-five cent piece, on the roof of the president's mouth. It slightly encroached on the soft palate and some of the bone was diseased.

Aboard the yacht the evening before the operation, the president exclaimed: "Oh, Doctor Keen, those office seekers! They haunt me even in my dreams!"

Before the operation Doctor Janeway and Doctor Keen examined the patient. There was no arteriosclersosis. The pulse was 90. There was no doubt, however, that the growth in the mouth was of a malignant nature. The president had passed the night in refreshing sleep without the aid of medicine.

Methods of anesthetization in 1893 were not so fully developed as they are today. At first nitrous oxide was administered, and the two left upper bicuspid teeth were taken out. Then ether was given, and the whole of the left upper jaw was removed from the first bicuspid tooth to the last molar, inclusive.

There is now at the College of Physicians in this city the cheek retractor used, which Doctor Keen had brought from Paris in 1866. This useful instrument prevented any external scar.

From the time that the patient was put under ether the operation took about forty minutes.

July 17 some additional tissue was removed. Mr. Cleveland was able to leave his bed within two days after each operation.

An Artificial Rubber Jaw.

An artificial rubber jaw was supplied by Dr. Kasson C. Gibson of New York—an ingenious and entirely effective contrivance. It kept the cheek in the natural position, and when it was in place no impairment in the speech could be detected. Later an improved form of the device was installed.

Five years later William Potter asked Mr. Cleveland to come to Philadelphia to be the orator at the commencement exercises of Jefferson Medical college. This was Mr. Cleveland's reply:

"I sometimes think I have not and perhaps never will recover from the mental twist and wrench of my last term in Washington.

"I suppose I am booked for a speech of a political character, to be made late in April; and while it seemed to me the highest duty dictated the engagement, the anticipation of the ordeal is already such a nightmare that it makes me unhappy."

Lived 15 Years Longer.

Mr. Cleveland lived for fifteen years after these operations, his death occuring June 24, 1908. He was born March 18, 1837, and the seventy-one years of his lifetime have nine times been exceeded by our presidents.

Three presidents in succession in the early days of the Republic exceeded four score—John Adams 90, Jefferson 83, Madison 85, and then, after Monroe, who died at 73, we had John Quincy Adams, who passed away at 80. But since his death no president has attained four score, and to judge from the way in which we now permit the responsibilities and the importunities to multiply about the presidential office it seems unlikely that the record of the patriarchs will be equaled again.

A NEW PRUNE RUNS THIRTY TO POUND

From San Francisco Chronicle.

San Jos, Cal. — Scientists, nurseymen and fruit growers from widely scattered parts of California gathered recently at the orchard home of Leonard Coates, a nurseyman, to pass judgment on a remarkable new variety of French prune which Coates has developed during years of patient labor and observation.

"The Coates French prune No. 1418 runs about thirty to the pound, and is therefore a very large variety," said Coates. "And after years of experimentation I have become convinced that the type is now fixed and that the new prune is a permanent variety which can be grown in large quantities."

The ordinary French prune is long, slender, pear-shaped. The new Coates prune is "blocky" in shape.

LITERBERRY M. E. SOCIETY MEETS

Mrs. Clarence Thompson Hostess to Members of Society Thursday Afternoon—Contributors to Jewish Relief Fund—Other Items of Interest.

Literberry—The Literberry M. E. Society met with Mrs. Clarence Thompson on Thursday afternoon. Fifteen members were present and the following program was carried out.

Mrs. Earl Rexroat read the 28th Psalm.

Mrs. Maggie Thompson presided at the piano. Song, "It is Well With My Soul."

Song, "Shall I Go and Empty Handed?"

Roll Call.

Minutes of October meeting.

Business.

Reading, "A Thanksgiving Day" by Mrs. Rexroat.

Instrumental Music, "Nightfall" by Miss Ruth Deatherage.

A flower contest was conducted by Mrs. Mabel Clark. Miss Ellen Deatherage won the prize; a big box of fine ripe persimmons.

Second contest was conducted by Mrs. Ellis Thompson. This was a chicken contest and Mrs. Gallie Deatherage won the prize, a beautiful bordered handkerchief with pretty design in corner.

Refreshments were splendid and were served in two courses. Oyster soup cooked in rich milk with plenty of butter, steaming hot, and trimmings of all kinds, to suit all, was the first course. With the splendid coffee, cream and sugar, there was served dainty little tea cakes, all puffed up light, with white icing over the top, together with a Fresh dessert, made of Jello, cream, and everything nice and fluffy and good. This was served very invitingly in tiny glass cups. Mrs. Thompson was assisted by the Misses Ellen and Ruth Deatherage and Margaret Thompson.

A god offering was taken and the meeting closed.

Mrs. C. P. Snoddy who has been visiting at "The Maples" with her daughter, Mrs. Earl Rexroat for a few weeks, intends returning to her home at Marshall, Mo., in a few days.

George Roach and W. W. Young, each killed a fine beef on Wednesday, which was sold very reasonable to those who wanted good beef.

We have one more name for Literberry for the Jewish Relief Fund, which we send in. Uncle Jack Henderson for $1.00.

Miss Ellen Deatherage of Arcadia handed in her list of names for Jewish Relief fund, and we give them here. John Ginder, Arenzville, $1.00; John R. Ruswinkel, Arenzville, $1.00; Levi Deatherage, Arcadia, $1.00; Mrs. Sarah M. McCarty, Literberry, $1.00.

THE EASIEST WAY

From Blighty, London.

A vast and determined looking woman wore a very large hat one evening at the theatre.

"Madam," said the attendant politely, "I must request you to remove your hat. It is annoying this gentleman behind you."

The masive lady turned and haughtily surveyed the complainant. "Do you mean that little weedy, undersized creature?" she asked.

"This gentleman behind you," the attendant corrected her.

The lady settled herself down in her place. "You will find is easier and pleasanter," she said, decisively, "to remove him!"

Buy Jewelry Judiciously

Whether your jewelry investment is as a gift or a personal purchase;—whether it is a lavish or a modest outlay, you want it attended by genuine value, good taste and up-to-the-minute style in designing. There is probably no commodity that the public buys wherein they have to put so must trust in the integrity of the dealer because only experts are qualified to judge real value.

This condition behooves you to buy from a thoroughly reliable concern, to select where a broad variety is attended by assured quality and where value guarantees are backed up by reliability and sincerity.

Our holiday displays are particularly pleasing and assuring now, in gifts for men, women and children.

REFERENCE WORK IS DIFFICULT TO MEASURE

Staff at Public Library Makes Three Weeks.

tions Asked During Past Record of the Various Ques-

In the introduction to the biography of Herbert Baxter Adams, there is a line to the effect that the things which make life most worth living in this world cannot be presented in tabular form. It is easy to put the circulation of a Library in tables, but the reference work is difficult to measure and difficult to report upon.

For three weeks in October the girls of the Jacksonville Library staff have tried the experiment of jotting down on paper the questions which have come to the desk. Doubtless some were forgotten in the press of work, but the slips which have been kept are rather astonishing in showing the bulk of the reference work.

The questions were most of them easily answered, although one calling for local history material on the Kellogg family had to be referred to the Library of Congress and one in regard to a translation of Knolena, set to music by Sibelius, was referred to Miss Katherine Moody, reference librarian in St. Louis.

Many of the questions were very easy and took only a minute or two to look up. There were twelve questions that merely required looking into some index. One of these apparently very easy questions was not found. "Where can I get a pioneer Indian story called the Brass Kettle?" One of the poems called for was on the armistice and was found in a magazine. Sometimes these questions were very general in form and sometimes very particular; for instance we had a call for

"Boots, boots, boots, movin' up and down again
There's no discharge in the war."

and several times the question were bits of refrains from some poem and at other times the calls were very definite, such as "Has Arthur Ryan written anything on Armenia?"

These quickly found questions often call forth real appreciation from Library patrons. The man last week who asked for "The House by the Side of the Road" and had it promptly handed out to him, gave the girl at the desk a big red apple.

Water Purification.

The Library has a number of new pamphlets on filtration plants and chlorine control apparatus in view of the new plant to be erected to purify the water for Jacksonville. Many persons were interested in these pamphlets even more than in the more scientific expositions, although the Elims book has been in constant use for filtration questions.

Agriculture.

Among the agriculture questions the "Culling of Poultry" was the most interesting from the eighteen days record kept. Mr. Kendall, county farm advisor, suggests that some people seem to consider poultry culling a trade secret. There was some good material in the Library and more will soon be available.

Industrial Questions.

The H. S. students as well as the college students have been asking very interesting industrial and current questions. Rogers Industrial Chemistry is beginning to grow shabby. Some of the industrial questions were:

Manufacture of rubber. Making of matches. Immigration tables by decades. History of cooking. Imports and exports from South America. Cheese. Mining graphite, Celluloid. Macadam roads. Petroleum. Methods of transportation. Dyeing. Value of immigrants. Ashokan dam. U. S. engineers in France. Ship building. Dairy products.

What would conditions be for a person wishing to invest in a cattle ranch in central Africa? Oil products from Africa.

Current Questions.

What is Mr. Sisson's idea of the Plumb plan? A copy of the question. Material on the steel strike. Both sides of the Shantung question and in answering this question staff meeting again proved its worth for some one had reported on "The Unpopular View of the Shantung Question" in the November Atlantic and John Dewey's article in the Dial, both of which were too late to be in the indexes. Status of the budget bill in house and senate. What do manufacturers do for the betterment of their employees and why. Bolshevism, what does it mean in the U. S. Labor readjustment.

Geography.

The twenty-five geography questions have not been listed for this report, but they range the world over from the horses of St. Mark's reproduced in a good picture to a description of Liberia.

Art.

Questions on stained glass and on the little theater came in during the past few days and perhaps they were a little more unusual than Gilbert Stuart, Michelangelo and Gregorian chants and plain—song: but they all were answered with others of their ilk.

Bible.

Sample pages of the illuminated text of Wycliffe's Bible was the most noteworthy Biblical question although the commentaries on Jeremiah were not neglected.

Biography.

An interesting array of persons were asked about: Clifton Johnson, Justice Brandeis, Ruth Wise, Samuel Gompers, Brand Whitlock, Lillian Wald, Julius Rosenwald, Jacob Riis, Ibsen and his development, Edwin Markham, O. Henry, Franz Sigel, Carl Schurz, Henry VIII, John Hay, Rupert Brooke, Best Life of Tennyson, Dorothea Dix, Mr. Pitt and the taxation of America, Heifitz, Ingersoll as an agnostic, Henry Clay, Hawthorne and fourteen distinct and separate questions on Roosevelt to say nothing of General Roosevelt questions and repeats.

I have not listed nearly all the literary and history questions as they were more usual. No record was kept of the club program questions as they were all looked up in advance in the summer and typed bibliographies were on file to answer those questions. Special reserves were made for four teachers and those questions were not counted. Of course no record could be attempted of the Hallowe'en questions.

Requests for suggestions for Christmas gifts have already begun to come to the Library. Two were recorded in the last three weeks. A few other rather interesting bits were: Noh drama of Japan for a College girl. Plays suitable for the patients to give out at the state hospital. What is the historical infinitive? for a H. S. girl. Assessed valuation of the counties in Illinois. Fourth dimension. Is one allowed to masquerade as a Red Cross nurse? Community planning for a small town. Franklin's remarks on opening by prayer. Suggestions for an Odd Fellows speech. School founded by Dwight L. Moody and what were Ruskin's and William Morris's ideas on socialism? All of these questions at the Jacksonville Library in less than a month.

BY WAY OF COMPROMISE

The striking drug clerks were probably told by their employers, when they asked for an advance, that they would get something just as good.

A NOISY ERUPTION.

From the Boston Transcript.

From a story: "Yells of joy artesianed up his throat."

OUR NAMES PUZZLE EUROPEANS

Half of States in Union Designated by Words of Indian Origin

From the Boston Globe.

Down on the wharves they tell a story of how two British sailors were rowing a skiff under the stern of the battleship Ohio as she lay in an English port.

"A ho, a haitch, and a 10," said one of the limmies. "Wot a 'ell of a name for a ship!"

We made very merry over Russian and Polish names. When it came to the Balkans we were free to confess that we didn't know whether the Dobrudja was a river or a breakfast food. But it is now borne in upon us that our own place names may not mean much more to Europeans than some of theirs means to us.

Half the names of our states are pure Choctaw to all but educated Europeans, and not much more to many of those. A celebrated violinist said he had long ago given up trying to comprehend American geography or Indian names, and simply bought his railroad ticket to any place his manager designated.

"You ought to translate them," he added plaintively.

His host confessed:

"We can't."

BUY COAL THIS WEEK!

We have been preaching for some time on the advisability of buying coal early. Many have heeded our advice—but there remains quite a number who have not. To those we say — buy your coal this week. The unsettled condition of labor demands it. Cold weather soon will be upon us. Don't be caught with an empty bin. We guarantee honest weights and honest coal.

Overland

As It Is

As It Seems

The Road—In New Overland 4 on Three-Point Cantilever Springs

YOU expect a bad road to ride as it looks. It did, until the introduction of the Overland 4 Springbase.

Overland 4 does *not* change the road, but it *does* change the *manner* in which you can ride on it. It gives you comfort instead of dis-comfort. It gives you a smooth, sailing sensation instead of bouncing and swaying.

The Diagonal attachment of Three-Point Cantilever Springs at the ends of a 130-inch Springbase gives long wheelbase road steadiness. Yet Overland 4 retains all the advantages—lightness, economy, and ease of handling, of 100-inch wheelbase.

This means an altogether new standard of riding comfort, a noteworthy reduction in the wear and tear which lessens the efficiency of a car. The new springs give longer life to every part and thus minimize upkeep and replacement costs.

Tires wear longer because cushioned against hammering blows. Light weight means marked economy in gas, oil and running expense.

Overland 4's equipment is complete from Auto-Lite Starting and Lighting to Demountable Rims.

Come in and see this remarkable car. Ask for booklet. Overland 4 Touring, $845; Roadster, $845; Coupe, $1325; Sedan, $1375. Prices f. o. b. Toledo.

VIRGINIA MAN IS A HUNDRED YEARS OLD

Thomas S. Williamson of Virginia Celebrated One Hundredth Birthday Anniversary Saturday —Mrs. Martha Malicote Celebrates Birthday — Other Virginia Notes.

Virginia, Nov. 15.—A very important event is being celebrated today at the home of Thomas S. Williamson on South Case street. Mr. Williamson is today observing his one hundredth birth anniversary in a quiet way with all members of the family present except one son, James Williamson, of Rockford, who is detained at home by the illness of his wife.

Mr. Williamson was born in Oldham, England, Nov. 15, 1819, and received his education in the district school. At the age of twenty-three years he was united in marriage to Miss Nancy Needham, also of Oldham. The young couple at once started on the voyage to the U. S. Sailing vessels were at that time the only means of travel on the ocean and the journey to the U. S. required six weeks. Landing in New Orleans, Mr. and Mrs. Williamson came at once to Jacksonville by stage coach. They were resident there for a few years and in 1851 removed to a farm in Cass county which they later purchased. Additional land was purchased subsequently until today Mr. Williamson is the owner of 375 acres of land.

About thirty years ago Mr. Williamson retired from active life and removed to his present home in this city. Mrs. Williamson passed away ten years ago. Mr. Williamson united with the M. E. church in this city sixty years ago and has been an official member during all the succeeding years. In honor of his birthday the congregation presented him with a bouquet of 100 roses. Numerous other friends also remembered the occasion and sent flowers which testified to the high esteem in which he is held.

Those present today are the children, Mrs. Marion Rose and daughter, Miss Ethel; Mrs. Elizabeth Hamilton, John S. Williamson and wife, Misses Emma and Sarah, all of this city; Mr. and Mrs. J. F. Shreve and Mr. and Mrs. A. B. Williamson and daughter of Jacksonville.

John Virgin and Albert Long, who are patients at the Springfield hospital, are reported to be improving steadily.

Mr. and Mrs. Fred Savage left yesterday for their new home in Dallas, Tex.

The residence property of William Needham will be sold at public sale Nov. 22.

Mr. and Mrs. John Schench of Chicago are guests of the latter's parents, Mr. and Mrs. Horace Biddlecome.

The annual Thanksgiving dinner and fancy bazar of the Church of Christ will be held Saturday, Nov. 22, in the church parlors.

Mr. and Mrs. John Cooper, who left this city last year, are again taking up their residence here.

Mr. and Mrs. John S. Williamson have moved from their farm near Garner Chapel to their residence in this city, recently purchased from A. L. Winkle.

George Emerick and bride, formerly Miss Irene Christopher, have returned from their honeymoon and will be at home to their friends at the Colonial Inn.

Relatives in this city have received news of the death of Thomas Lacey of LaSalle, which occurred Monday in that city. Mr. Lacey was a brother-in-law of Mrs. Frank Redding of this city.

Mrs. S. Bristow, who has spent the past two years in the west has returned to this city where she will again take up her residence.

Mrs. Sarah Ragan of Denver and Mrs. Catherine McBride of Dubuque, Iowa, are the guests of the former's sister, Mrs. James Devlin and family.

Mrs. F. L. Fisher entertained a large party of friends at her home on Sylvan avenue Tuesday in honor of her birthday. A fine time was had by all.

Mr. Carter, agent for the Prudential Insurance Co., of this district, will remove his family from Springfield and occupy the Miss Mollie Evans property in this city.

Roy Winhold, who is a patient at the Passavant hospital in Jacksonville, is improving from a recent operation.

Miss Margaret Christine Reid, daughter of Mr. and Mrs. Stuart Reid, celebrated her tenth birthday at the family home today. Out of town guests present were Mrs. Duncan Reid and son Archie of Pana. The young lady was presented with a fine new Packard piano.

A family reunion and birthday dinner will be held at the Malicote residence in this city tomorrow (Sunday) in honor of Mrs. Martha Malicote, who today has reached her 87th birthday. She was born in Tennessee Nov. 15, 1832, and come to this country in girlhood. Mrs. Malicote is a very active person in spite of her years and enjoys good health. About seventy relatives will be present at the home in honor of the occasion. Out of town guests are Mr. and Mrs. Allen Long and sons Floyd and Robinson of Bloomington; Mrs. Martha Smith of Chapin; Mr. and Mrs. Oscar Malicote and Mr. and Mrs. James Malicote of Arenzville; William Malicote and family of Beardstown, Mr. and Mrs. Ulysses Kenworthy of Chandlerville.

WILLYS LIGHT

A Complete Electric Light and Power Plant

There isn't a home worthy the name, the world over, that wouldn't appreciate the benefits, comforts and economies of electricity. A few years ago only those who live in cities could enjoy its numberless advantages. Then came th efirst crude little plants for individual use—not expensive, but far from efficient and reliable. Steadily improved and perfected, they now represent the most useful and indispensable invention of the last decade.

Comfort, Convenience, Safety and Economy

A steady, brilliant LIGHT—instantly available day or night, eliminates the heat, smoke and daily cleaning of the dangerous, ill smelling kerosene lamp and lantern. POWER for pumping water, for the washing machine, cream separator, churn, vacuum cleaner, electric fan, grindstone, feed cutter—or any light powered motor. CURRENT for electric iron, toasters, electric heaters, coffee percolators, curling irons and a long list of other valuable time, labor and money saving devices.

The Name "Willys" an Ample Guarantee

JULES FALK IN RECITAL AT ACADEMY HALL

Jules Falk, the noted violinist, who will give a recital at Academy Hall on the evening of November 20th, needs no formal introduction to our music lovers. His rise to prominence has attracted both critic and public. Last season the attendance at his concerts in Pittsburgh—two recitals at Carnegie hall within a period of six weeks, at Cincinnati, Cleveland, Detroit, St. Louis, Chicago and New York numbered "capacity houses." Return engagements for the present season have been consummated in all of the foregoing cities in addition to numerous other engagements thruout the most principal cities of the United States.

At his concert in Jacksonville Falk will have the assistance of Estelle Wentworth, the renowned dramatic soprano, whose artistic career in Europe prior to the war where she sang at the Royal Opera Houses in Vienna and Berlin and afterward at the opera houses in Buenos Aires and Caracas, South America, lends additional interest to Falk's coming. Malvina Enrlich, a protege of the famous Russian pianist, Josef Lhevinne, will be the pianist of the evening and is now regarded as one of the foremost of the younger American pianists.

Tickets at Brown's Music Store.

NOTICE

I will not be responsible for any debts contracted by anyone excepting myself.

THOMAS BROWN.

HOPPER, OF SINCLAIR DRIVING NEW CAR

Many people have seen a new car being driven about the streets by Mr. Robert Hopper of Sinclair and have wondered what the name of the mysterious car could be. The car in particular is of a very well known make, a 1920 model and represents the last word in automobile design. But because of its new body lines and Robin's Egg Blue color no one would hardly recognize this beautiful car even tho they might be familiar with previous models of the same make of car. The very next time you see Mr. Hopper driving about the streets of Jacksonville you can save yourself a lot of worry by taking our word for it that it is the latest creation of the Reo Motor Car Co.

MEETING POSTPONED

The meeting of the Morgan County Rabbit Breeders Association which was to have been held at the home of D. T. Heimlich Tuesday evening has been postponed until further notice on account of the poultry show.

CONSTRUCT NEW FLOUR MILL AT WAVERLY

F. E. Deatherage Milling Company Will Be in Operation by January 1—Amateur Musical Club to Meet Tuesday—Other Waverly News.

Waverly, Ill., Nov. 15.—A new flour mill is being constructed in Waverly and will be in operation by Jan. 1. It will be known as the Fred E. Deatherage Milling Co., and will have a capacity of fifty barrels daily, together with modern equipment for the grinding of corn meal.

A program in the form of an operatta entitled "Mother Goose's Birthday" will be given by the grade school in the high school auditorium, Friday, Nov. 2 at 8 o'clock.

Mrs. Cornelia Kruse returned to her home in Havana City, having spent a wek visiting her sister, Mrs. William Schrieber.

H. I. DeTurk returned from Springfield where he attended the convention of the Illinois Independent Telephone Association.

Mr. and Mrs. Albert Conlee of Girard are visiting at the home of the former's parents, Mr. and Mrs. J. A. Conlee.

Morris Turnbull went to Champaign Friday to spend a few days visiting friends.

The Amateur Musical Club will meet Tuesday, Nov. 18, at 3:30 p. m. in the basement of the Methodist church. The following program will be given: Negro Reading—Mrs. Paul Allyn. Songs Uncle Rouce and the Banjo Song—Sidney Homer. Paper — Mrs. Charles Hoppin. Quartet: Negro Spirituals — Mesdames Barrow and Shutt; Messrs. C. A. Carter, W. L. Carter. Violin solo: Deep River, arr. by Kreisler—Mrs. Alfred Hughes.

The condition of Mrs. F. E. Smith, who is a patient at Springfield hospital is slightly improved.

CLOSING OUT SALE — Friday, Nov. 21—livestock and farm implements at my farm 2 miles southwest of town. M. S. ZACHARY.

CARD OF THANKS

We wish to thank our neighbors and friends for their great kindness and sympathy during our recent bereavement. All that loving hands and hearts could do was done by them to help relieve our overwhelming sense of loss in the death of our daughter, wife and baby.

We wish especially to thank the nurses and all others connected with Passavant hospital who showed us every possible consideration and kindness.

Mrs. Simms.
Mr. P. D. Trotter.

Wanted — Colored Girls over sixteen for pinning chickens. Swift and Co. Produce Dept. Apply Supt.

BEEN TO THE FARMERS' MEETING

George Holley of the vicinity of Arnold has returned from Chicago where he attended the meeting of the federation of farmers' clubs. Mr. Holley says he is confident something will come of the meeting and that in the near future. It is time the farmers were organizing as well as people in other lines and they mean to do it to further their own interests.

Wanted—Men at the Dam.

THIS MOTHER AND DAUGHTER

Both Made Well by Lydia E. Pinkham's Vegetable Compound.

Steele, Ala.—"During the Change of Life I had hot flashes, was nervous, run down, and had sick headaches for two or three days at a time. I took Lydia E. Pinkham's Vegetable Compound and I am much stronger and better in every way than I was. My daughter's health broke down last June from teaching school without a rest, and she has taken Lydia E. Pinkham's Vegetable Compound and the Blood Medicine with good results. She is much better and teaching now and I give your medicine the praise. You are welcome to use this letter for the benefit of other suffering women."—Mrs. F. A. GAINES, R. R. No. 1, Steele, Ala.

Women who suffer as Mrs. Gaines did should not hesitate to give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial, as the evidence that is constantly being published proves beyond question that this grand old remedy has relieved much suffering among women.

For confidential advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their forty years' experience is at your service.

11 HENS IDLE; NOW LAY 221 EGGS A MONTH

Mrs. Young Almost Gave Up Raising Chickens. Then She Tried this Plan

"When I accepted your offer and tried Don Sung, I had been getting 1 or 2 eggs every other day. The next month, using 50 cents worth of Don Sung, my 11 hens laid 221 eggs, almost gave up raising chickens, but now I have decided to raise as many as I can."—Mrs. F. C. Young, Bellefonte, Pa.

Feed is too expensive to waste on idle hens. You can easily start your hens laying and keep them laying even in coldest winter. To prove it all you need do is accept our offer, as Mrs. Young did.

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrell-Dugger Co., 284 Columbia Bldg., Indianapolis, Ind.

MAC-LAR

MASTER STORAGE BATTERY

To All My Old Friends, and Patrons and to the Public in General:

I wish to state that Mr. Edward H. Ranson, has recently purchased my storage battery business and is in a position to successfully take care of all your battery trouble.

I thoroughly recommend Mr. Ranson in this capacity, and know he will give you the greatest satisfaction.

Mr. Ranson is located **210-212 East Court St.**, and is distributor for the **MAC-LAR Storage Battery** for Morgan and Scott county.

His many and successful sales of this battery the past speaks well for its stability and long life.

Sincerely yours,

(Signed) FRED W. GRASSLEY.

Come in and let us show you some of the tests on the Battery I show you. Its neat mechanical appearance and the sworn statement of its charge and discharge rate.

Griddle Cakes

Light, tender, golden brown—no other griddle cakes are like those baked with Calumet.

No substitute will give you the same result as

CALUMET BAKING POWDER

Its purity contributes to the wholesomeness of *your* bakings.
It's pure in the can and pure in the baking.

This superiority—this exceptional quality of Calumet—does not cost you a cent extra—not a cent. In fact it saves you money.

Calumet is the most economical of all Baking Powders. You save when you buy it—moderate in price. You save when you use it—has more than the ordinary leavening strength—therefore you use less. You save materials it is used with—never fails.

Made in the world's largest, finest, most sanitary Baking Powder factory. And made in a *way* that does *away* with all bake day worry and waste. Contains only such ingredients as have been approved officially by United States Food Authorities.

It is the largest selling brand of baking powder in the world and it is used by millions of housewives

Sold by your grocer under guarantee of "Money Back" if it does not prove "Best by Test." Try it.

Calumet Griddle Cakes

2 level cups flour
2 level teaspoons Calumet Baking Powder
½ teaspoon salt
1⅔ cups milk or water
1 level tablespoon sugar
2 level tablespoons melted shortening
2 eggs—yolks

Don't Overlook This

When you buy a pound can of Calumet you get a full pound—16 ounces—no short weights. Some baking powders are now being put on the market in 12-ounce cans instead of pound cans. Be sure you get a pound when you want it. Remember—Calumet is not made by the Trust—not sold at Trust prices.

How to Make Them

Mix dry ingredients in flour. Beat egg yolks and melted shortening in the liquid, add only a part of the liquid mix until smooth. Then add gradually the balance of the liquid until batter is of the proper consistency. According to the strength of the flour more or less liquid is required. Bake on griddle well greased.

Paste in your Recipe Book for future reference.

Valuable 72-Page Cook Book

Handsomely illustrated in colors. Most complete and dependable recipe book ever published. Hundreds of helps in reducing household expense. Scores of selected recipes—new and better ways of making better foods. Send slip found in can of Calumet and three 2¢ stamps to help cover cost of packing and mailing. Calumet Baking Powder Company, 4100-4124 Fillmore Street, Chicago, Ill.

BRADY BROS. HARDWARE COMPANY

CHURCH SERVICES TODAY

Special Ordination Services will take place Sunday afternoon at 2:30 at the Woodson Presbyterian church when Mr. Thomas Irlam, an elder of the church, will be ordained. Reverend Marbach will deliver the ordination sermon and Reverend Landis will propound he ordination questions to the officer-elect and congregation.

Northminster Presbyterian church—Walter E. Spoonts, minister. Preaching at 10:45 a. m. and 7:30 p. m. Morning subject, "The Excelling Righteousness"; evening subject, "The Mission of Joan of Arc." This will be the third sermon lecture on this most wonderful character. Much interest has been taken in these talks. Sunday school at 9:30 a. m., Wm. Beiber, superintendent. Junior Endeavor at 5:30 p. m. Senior Endeavor at 6:30 p. m. Prayer meeting on Wednesday night. The pastor will return from Virginia, where he is conducting a revival meeting, to be in his pulpit both morning and evening. A cordial welcome to all our services. Annual chicken supper Thursday, Nov. 20.

State Street Presbyterian—W. H. Marbach, pastor. Where and how do you spend your Sundays? Before parting company with religion let us boldly ask ourselves what it is that is coming in between us and the study and worship of God? Unless you have found a practice more valuable to society and your own heart than church-going, join yourself to some congregation. If this is the church of your choice be not slack to come in to possess the privileges of work and worship at 10:45 a. m. Y. P. S. C. E. at 6:45 p. m. Evening worship at 7:30 p. m. Welcome.

Westminster Presbyterian—Edward B. Landis, pastor. The Sunday school will meet at 9:30. W. J. Brady is the superintendent. Every class extends a cordial invitation to others to share their hospitality and study with them "The Transfiguration." Morning worship will be at 10:45 when the pastor will speak on "Unwilling Guests." In the evening at 7:30 he will take as his theme "The Debt of the Strong." Special music by the choir at both services. The C. E. society meets at 6:45. Subject: "Co-operation in Christian Service." The subject for mid-week prayer meeting will be a study of the work done by "The Board of Missions for Freedmen," Gal. 3:26-29.

Congregation church of Jacksonville—W. Ernest Collins, minister. The church school meets at 9:30 with adequate facilities for the teaching of the Bible. At 10:45 morning worship. Music by chorus choir. Subject of sermon: "Belief." The Christian Endeavor meets at 6:30. The third meeting of the Community Forum at 7:30. Speaker, Prof. Anna Garlin Spencer. Subject: "Marriage and Divorce." To those who are seeking to meet the challenge of life in the spirit of Jesus of Nazareth; to those who are lonely and need the friendship of warm hearts; to those who are sinning and need the uplift and outlook of those whose faith is strong; and to all who will, this church opens its doors and in the name of the Master of men says, "Welcome."

Brooklyn M. E. church, G. W. Randle, pastor. J. A. Walters, S. S. superintendent. Sunday school opens promptly at 9:30 o'clock. Public worship at 10:45 a. m. and 7:30 p. m. Morning theme "The lever that moves the world." Evening subject "The golden staircase." At the evening service, the Brooklyn orchestra will furnish instrumental music. This is the closing service of the Win-My-Chum campaign. A full attendance is expected. Next Wednesday afternoon at 2:00 o'clock the first quarterly conference of this charge will be held at Brooklyn church. All members of the conference will please take notice.

Trinity Episcopal church, 22nd Sunday after Trinity. Early service 7:30. Sunday school 9:30. Morning prayer 10:45. Rector will speak on "The Nation Wide Campaign." Tuesday all day meeting of Guild. J. F. Langton, rector.

First Church of Christ Scientist.—Services are held at 523 W. State street on Sunday at 11 a. m. and on Wednesday at 8 p. m. Subject: Mortals and Immortals. Sunday school is held at 9:30 a. m. The reading room is open each week day from 3 to 5 p. m. The public is invited to visit the reading room and to attend the services.

Salem Evangelical Lutheran church, East College street. Rev. J. G. Kuppler pastor. Twenty second Sunday after Trinity. Sunday school at 9 a. m. Public worship in English at 10:30 a. m. and 7:30 p. m. At the morning worship the sacrament of the Lord's Supper will be celebrated. Preparatory service at 10 o'clock. A cordial welcome is extended to all to attend these services The L. W. C. will meet Thursday evening.

First Baptist church, A. A. Todd, pastor. Bible school 9:30 a. m., Carl Weber, superintendent. Public worship 10:45 a. m and 7:30 p. m. Morning message "Arise and Go." Evening message, an illustrated sermon on "A Choice of Paths," setting forth the two gates, the two paths, the two classes of travelers and the two destinies. Baptism at close of the service. B. Y. P. U. at 6:30 p. m. For 10 weeks, beginning with Wednesday, Nov. 19th the mid-week service will be devoted to "The Life of Christ." Usual services at Baptist Chapel led by Wm. Boston.

Centenary M. E. church, D. V. Gowdy pastor. Sunday school, A. C. Metcalf, superintendent, 9:30. Morning worship and sermon at 10:45. Epworth League meets at 6:30 Sunday evening. Evening worship and sermon at 7:30. District Superintendent E. L. Pletcher will hold our fourth quarterly conference at 7:30 Wednesday evening.

Second Baptist church, H. H. DeWitt pastor. 11 a. m., theme for this hour, The Forerunner of Christ, Matt. 3:3. 7:45 p. m., theme, The Great Deliverer, Romans, 11:26. 2:30 p. m. Bible school. In connection with the study of the lesson the school will render a temperance exercise and make a special effort for a generous offering for the Lincoln-Lee Legion. This organization is working for a world-round prohibition. It's slogan is a dry world by 1930. You are kindly asked to come and help.

Mt. Emory Baptist church, E. A. Crockett, pastor. 10:30 a. m. praise services. 11:00 a. m. sermon, subject, "The Kingdom's Work." 2:30 p. m. Sunday school. 6:30 p. m. B. Y. P. U. 7:30 p. m. the pastor will deliver the closing sermon on the special series of "Sowing and Reaping," using as a special subject, "Fair Warning." You are invited to all of the services.

Grace Methodist Episcopal—T. H. Tull, pastor. 9:30 a. m. Sunday school, T. V. Hopper superintendent. The service flag will be demobilized at the Sunday school hour. Lieut. Rossiter of Illinois College will deliver the address. 10:45 morning worship. Theme of sermon "Barley Loaves and Fishes." 6:30 Epworth League. Miss Vera Warder of the Illinois Woman's College will lead the young people's meeting. 7:30 evening worship. Theme of sermon, "Making a Name." The morning anthem will be "Come, O Thou Traveler Unknown," Noble. The anthem for the evening "I Heard the Voice of Jesus Say," Huerter. The first quarterly conference will meet Thursday evening at 7:30.

Central Christian church—M. L. Pontius, minister. Bible school at 9:30 a. m. Morning worship at 10:45 o'clock. The theme of the sermon "The Two Greatest Sins of the Age." Evening service at 7:30. Sermon subject: The Bible and Higher Criticism. Music by choir under Prof. Keep's direction at each church service. Endeavor meetings at 6:30. Leader of the Senior C. E., Miss Lucie Pyatt; of the Intermediate, Miss Cleo Clark, and of the Junior, Philip Darr. You are cordially invited to attend these services of the day.

McCabe A. M. E church—M. L. Mackay, pastor. Services as usual at which the pastor will preach. The subject of the morning theme will be "The Transfiguration." 12:30 o'clock Sunday school, Mrs. Nina Robinson, supt. 7:30 E. L. E. M. Cox, pres. 8 p. m. the pastor will again preach. All are invited to these services.

A Little Trip Through The Store

Good morning!

* * *

You'd be surprised to know how many people have already started their Christmas shopping

* * *

You will find here all the latest novels, gift books, cards, kodaks, dolls, doll carts and novelties of all kinds. Magazine subscriptions, for Xmas gifts, taken now.

* * *

Let's all get together on this subject. Think what it means to have that gift problem solved.

* * *

Do Your Christmas Shopping Early

Do your Christmas shopping early
Don't you know it's almost here?
Have your presents boxed and ready,
Don't wait like you did last year.
Then you'll have more time to purchase
If you start right in today,
Get your choice while things are newest,
It is much the better way.

Think about the toiling thousands
Who behind the counters stand,
Grinding out a mere existance
In the shops thruout the land,
You can better their conditions
If you heed this slogan true:
"Do your Christmas shopping early,"
And you'll find it easy too.

If you've troubles just forget them
'Tis a season of good cheer;
Get the real Yuletide spirit
As the holidays draw near.
Just a few more days 'till Christmas,
And how fast the moments fly.
So get busy, do your shopping
If you've anything to buy.

* * *

You'll excuse this "pome" we are sure.

* * *

Thank you.

* * *

Come down tomorrow.

* * *

C. S. Richards Belle Ezzard

The New Silks First

Mrs. James W. Brown, chairman of the relief committee, investigation will then be made, both to prevent overlapping, and to make sure that the baskets are sent only to the deserving.

An especial appeal is made to the farmers living in this vicinity to bring to the league rooms any vegetables or fruit which they can spare, particularly apples, potatoes, and cabbages, which can always be used.

The relief committee will willingly serve as a distributing center for all who desire to make Thanksgiving gifts in this way.

NEW OIL TREATMENT FOR RHEUMATISM

Brings Relief to Thousands of Sufferers

New oil treatment for Rheumatism almost proves a revelation. Over five million bottles sold under absolute guarantee, to give satisfaction or money refunded, and less than doen bottles have been returned. This great Pain Killer and Antiseptic combined, Miller's Antiseptic Oil (Known as Snake Oil), has brought relief to many thousands of sufferers is said to be without an equal for Rheumatism, Neuralgia, Lumbago, Stiff and Aching Joints, any kind of ache or pain, Cut, Burn or Bruise. Corns, Sore Throat. Don't Delay; take a bottle into your home today and get instant relief. On sale 30c, 60c, at $1.00 at Armstrong & Armstrong—Adv.

PLANS OF SOCIAL SERVICE LEAGUE

The Social Service League is just entering upon a new fiscal year. It is believed by the members of the board of directors that the best way to obtain funds for carrying on the relief work is through an increased membership. The members of this board who have carried on this purely volunteer work for so many years feel that this is a form of service which should interest every member of the community.

Springfield, which carries on this work on a much larger scale has adopted the plan of obtaining funds through mail subscriptions entirely. Within a few days all members of the league in Jacksonville will be asked to help the work in this way and an effort made to secure new members. Anyone, whether a member or not, who will send in his contribution during this week, will confera distinct favor upon the board. Checks should be made payable to A. C. Rice, Treasurer, and sent to the Social Service League, King Building, W. State street.

Preparations are already under way for sending Thanksgiving baskets to the poor, and it is hoped that all persons interested will at once send names of those whom they think deserving of baskets to the superintendent, Mrs. Cohick.

HEAVY SELLING WEAKENS CORN

CHICAGO, Nov. 15.—Indications that the long expected movement of corn terminal markets had begun led today to much selling of that grain here. Largely as a result, priced closed weak, 1 1-4 to 23-4 c net lower, with December $1.28 5-8 to $1.27 3-4 and May $1.23 3-8 to $1.23 1-2. Oats finished 38@1-2c to 5-8@3-4c down and provisions at a decline of 10c to 60c.

Receipts of corn today reached the most liberal total for some time and there were generally accepted forecasts that favorable weather and an increased supply of empty freight cars would insure arrival of 300 car loads of corn in Chicago on Monday with plentiful fresh supplies to follow during the week. Knowledge that British exchange rates had fallen to a new low record tended likewise to intensify bearish feeling, and to bring about sales on the part of discouraged longs, especially toward the last few days. Week-end adjustment of trades steadied the market somewhat, but nevertheless final quotations were near the lowest level of the session.

Oats sympathized with the weakness of corn. Besides, both seaboard and domestic shipping call was light.

Provisions were pulled down by declines in the value of grain and hogs. Big shipments of meats failed to act as a counterbalance.

CHICAGO LIVESTOCK MARKET

Chicago, Nov. 15.—Hogs—Receipts 7,000; steady to 15c lower, top $14.55; bulk $14.10@$14.50; heavy $14.10@$14.50; medium $14.10@$14.55; light $14.10 @ $14.55; light light $14.25 @ $14.50; heavy packing sows smooth $13.60@$14.00; packing sows rough $13.25@$13.50; pigs $14.25@$14.75.

BIDS FOR HIGH SCHOOL

Jacksonville, Ill.

Sealed bids will be received by the Board of Education of School District No. 117, Morgan county, Illinois, at Jacksonville, Illinois, up to 2 o'clock p. m., Jan. 15, 1920, for the erection and completion of a high school building for said district. Said building to be erected on the high school site in the City of Jacksonville, Illinois.

Separate bids will be received as follows:

On general contract work.

On piumbing and sewering.

On heating, ventilating and controlling.

Plans and specifications may be obtained from the architect, J. W. Royer, Flat Iron building, Urbana, Illinois, upon deposit of $25.00 cash or certified check as guarantee for the return of plans and specifications in good condition.

A certified check, as set forth specifically in the specifications, must accompany every bid.

The Board reserves the right to accept any or all bids.

By order of the Board of Education of School District No. 117, Morgan County, Ill.

Julian P. Lippincott, President.

Mary E. Pierson, Secretary.

BUSINESS ON STOCK EXCHANGE LIGHT

NEW YORK, Nov. 15.— The final session of the stock market was characterized by dullness and general price irregularity. Adverse labor developments as indicated by the course of the coal conference and another break in foreign exchange prompted further selling.

Extreme reactions of 2 to 6 points were made by steels, motors, equipments, oils and tobaccos with a sprinkling of miscellaneous specialties, but these were partially recovered at the close.

Rails sustained the market so far as it showed any recuperative power.

The few noteworthy rallies included General Motors and Mexican Petroleum. aSles amounted to 500,000 shares.

The bank statement was disappointing in the sense that the actual loan contraction of about $66,000,000 in actual excess reserves. At the same time, clearing house banks decreased their reserves in the local federal reserve bank by slightly over $50,000,000.

Bonds were firm, further gains being made by issues of the secondary railroads and international floatations, but the liberty group was again included to ease. Total sales (par value) aggregated $7,550,000.

EAST ST. LOUIS LIVE STOCK

East St. Louis, Ill., Nov. 15.—Hogs—Receipts 4,000; steady; top! $14.80; bulk $14.50 @ $14.80; medium weight $14.40@ $14.80; light $14.25@$14.75; light light $14.00 @ $14.50; heavy packing sows smooth $12.75@$13.25; packing sows rough $11.75 @ $12.75; pigs $14.00 @ $14.50.

Cattle — Receipts 2,600; no sales; for week: uneven: steers 25c to $1.00 higher; butchers 50c to 75c higher.

Sheep—Receipts 800; no sales; for week: lambs 50c higher; sheep steady.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

ADMINISTRATOR'S NOTICE

Estate of Mary E. Liter, deceased.

The undersigned, having been appointed Administrator of the estate of Mary E. Liter, late of the County of Morgan and State of Illinois, hereby gives notice that he will appear before the County Court of Morgan County, at the Court House in Jacksonville, at the January term, on the first Monday in January next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this first day of November A. D., 1919.

JAMES M. LITER,
Administrator with the Will annexed.
Carl E. Robinson, Attorney.

Surgeon in Charge

Miss E. K. Van Vranken, R. N., in N. Y.

Superintendent of Nurses

ONE OF THE PRIVATE ROOMS

SURGERY

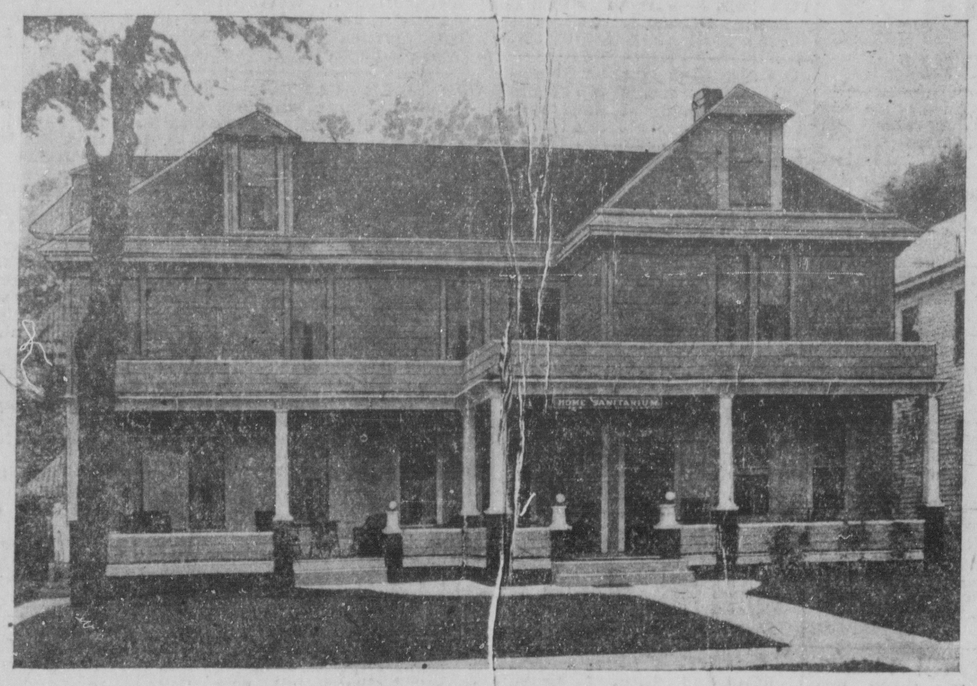

This institution is especially constructed and equipped for, and devoted to surgery and obstetric surgery. The undertaking is unique, in that it is the first and only one in the world of its kind conducted by a race surgeon. It has long since passed its experimental stage, has received government and state recognition, and the knowledge of its wonderful success long since has spread far beyond the confines of our home state.

LABORATORIES

We speak with pardonable pride of our laboratory facilities. The X-Ray Laboratory is indispensable in diagnosing many ailments. The Laboratory of Clinical Diagnousis is indispensable in dealing with blood, urine, sputum, stomach contents, feces, spinal fluid, and tissues. Laboratory of Surgical Technique is indispensable in perfecting technique and research surgery on anesthetized animals.

BROAD FIELD REACHED

Our Patient's Register contains the names of patients from nineteen states, and from Canada.

FRONT VIEW OF HOSPITAL

IT'S HISTORY IN BRIEF

The Institution was founded by Dr. A. H. Kenniebrew, April 12, 1909. Those conditions usually confronting the ambitious young race surgeon gave the inspiration for its creation. Its beginning—a small six-room cottage, one trained nurse, Miss E. M. Bland, R. N., who is now engaged in tubercular work for the city of Chicago, one surgeon, three beds, an operating table, a few miscellaneous articles, a great determination and the wide future comprised the equipment. Today—a large, strictly modern, beautiful building of thirty-three rooms, four sleeping porches, large solarium, two operating rooms, examining room, private and general baths, three laboratories, viz: X-Ray, Pathological and Surgical Technique, all well equipped. The staff consists of seven nurses, three surgeons, and eight associate physicians and surgeons. The plant represents a cash expenditure of more than $28,000.

If There is Something One Can Do to Benefit Humanity Is It Not One's Duty To Let the Fact Be Known

Such Information is Conveyed

To Mankind By Means of Publicity—

There are Various Ways of Telling One's Story,

What One Can Do, or has to Offer, But—

The quickest, surest, most effective manner is the use of the daily newspaper. There is a potential reason for using the newspaper—one's story will be widely read and commented upon, and because of that fact it must be a true story — a statement of facts that will bear the most searching investigation and closest scrutiny.

It is in accordance with my belief in the foregoing principles, my experience, my confidence in my ability as a physician and surgeon, coupled with my superior facilities and most modern equipment, that I give this message to the public, confident that in no particular can it be successfully controverted.

CORNER OF GENERAL WARD

RACES REPRESENTED

At the date of our Eleventh Annual Report, a total of 2,557 casse had been received and treated, as follows: White 2,444, Negro 105, Chinese 4, Syrian 1, Greek 3. Of these 2557 patients received, 23 died, less than 1%.

CHARITY

During the past year alone there was $2600 worth of charity service given by this institution to those in need, regardless of race or creed. The work is self-sustaining and has never asked or received a penny from the public. The health bulletins sent out from time to time for the good of public health are issued entirely at the expense of the Institution.

"WHY GO TO A SURGICAL HOSPITAL?"

If your eyesight fails, you go to an occulist; if you have appendicitis, you call a surgeon, and a surgical hospital is especially fitted to aid him in his work. It is a specialist in care and equipment.

CONCLUSION

All that we ask is a continued opportunity to prove that—"Results Beat All Arguments."

GROUP OF TRAINED NURSES

THE TRAINING SCHOOL

Miss E. K. Van Vranken, R. N., in N. Y., Superintendent

Miss O. E. Clark, R. N., Operating Room, Laboratory Methods (part term)

Anatomy and Physiology—Dr. W. J. Williams
Bacteriology—Dr. Geo. L. Samuels
Hygiene and Sanitation—Dr. J. E. Ellis
Medical Diseases—Dr. S. A. Ware
Gyneocology—Dr. P. M. Santos
Surgery—Dr. A. H. Kenniebrew
Obstetrics—Dr. E. G. Covington
Diseases of Children—Dr. J. D. Sexton
Dental Diseases—Dr. J. I. Miles, D. D. S.
Nervous Diseases—Dr. R. G. Richardson

Only young women between 19 and 25, of good health, reputation, education, high school or 2nd year, need apply. The course in Surgery and Obstetrics and Anatomy covers two years. The general course is three years, arranged to meet the state requirements. Our surgical and obstetrical nurses are more than making good. The calls so far by far exceed our supply. A small sum is given pupil nurses each month to defray necessary expenses. Graduate Nurses desiring special surgical or obstetrical training also should—for information—write—

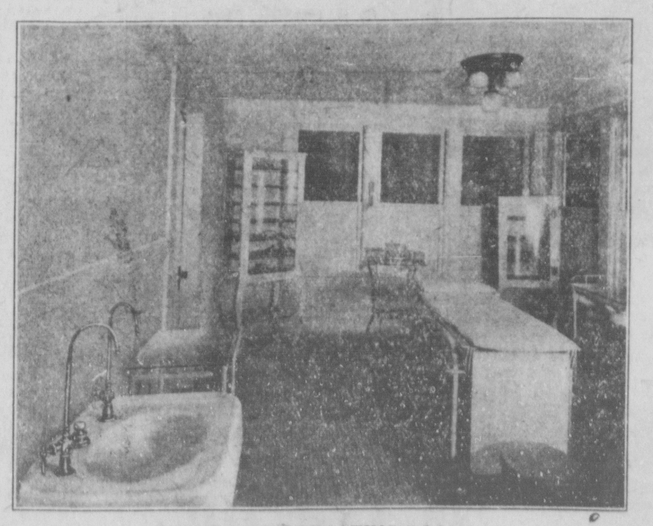

SUPERINTENDENT OF NURSES
The New Home Sanitarium, Jacksonville, Ill.

NURSES' TRAINING SCHOOL

The training school for nurses is of very high order for the same efficiency that characterizes the work of the other departments, is maintained here. The affords great opportunity for nurses to meet the requirements of the state examining board. Special attention and instruction is given to surgical and obstetrical nursing.

OUT PATIENTS' DEPARTMENT

In order to meet the great demand from such cases as are not especially in need of institutional care, an Out Patients' Department is maintained. It affords great opportunity for nurses to get training, which they could not possibly get in any institution.
